E	BOLT DB 5/16"X1 3/4"		1				
F	ALLEN WRENCH 5/16"		1	K	BACK		1
G	PLASTIC COVER		2				
H	TEPEX DESIGN		2				

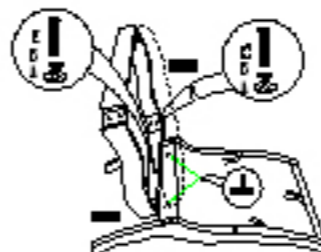

## STEP 1.

Remove all parts from cartons and separate them into part number as indicated. Place the chair back on a smooth flat surface with holes facing up.

## STEP 2.

Attach Seat Cushion and Back Cushion using bolts with lock washer and flat washer (C/F/A) for both left side. Tighten 1/2" to right side (locking 1/2") using bolt. Lock washer and flat washer (C/F/A) for center hole. Tighten slightly not fully.

## STEP 3.

Tighten slightly the front leg at the arm not fully.

## STEP 4.

Attach A1, using bolt with lock washer and flat washer (C/F/A) and (C/F/A) for the arm surface. Using the Allen wrench (F) tighten slightly not fully. Place the chair on the floor using chair upright leveling for all eight. Tighten all.
