10 YEAR MANUFACTURER'S LIMITED WARRANTY

All parts of the Kingston Brass faucet are warranted to the original retail purchaser to be free from defects in material and workmanship for a period of Ten (10) years from the date of purchase as shown on the purchaser's receipt.

This warranty is limited to defective parts only, labor charges and/or damage resulting from improper installation, repair or replacements, as well as incidental and consequential damages connected therewith are excluded.

Any damage to this faucet as a result of misuse, abuse, neglect, accident, or improper installation or any use not consistent with the instructions furnished by us, will void this warranty.

Replacement parts can be obtained from your local dealer. Freight cost is not covered by manufacturer.

CAUTION!!!

1. Water lines must be completely flushed before use, to avoid debris & clogs in your water system leading to malfunction and reduction of water flow.

2. Warranty is void if water lines are not flushed before use of a new faucet.

3. Use of abrasives of any strength may damage the finish of your faucet and void this warranty.

Parts:

- Lock Screw: 4 Pcs
- Mounting Screw & Anchor: 6 Pcs
- Mounting Plate: 1 Pc
**Before Beginning Installation**

1. Flush plumbing lines to clear any debris.
2. Shut off both supply lines after flushing.

---

**1.** Place bracket on desired mounting location and mark down screw holes location.

**2.** Drill on marked screw holes and insert anchors onto 1, make sure flushed with wall.

**3.** Remove handle, handle flange, spout and spout base from faucet. Secure faucet valves onto mounting plate with attached screws then assembly to the stud frame firmly with screws.

**4.** Swaged both hot and cold water lines onto wall supply lines.

**5.** A. Slide spout onto spout mounting shank, tighten set screw with allen wrench.
   B. Slide escutcheon onto handle valve.

**6.** Install valve flange and handle as illustrated.

**7.** Remove aerator and turn on both hot and cold valves. Let water run for at least one minute; this will clear any debris left in the line, reinstall aerator.

---

**Need Tools:**

- Basin Wrench
- Adjustable Wrench
- Teflon Tape
- Silicone Sealant
- Screwdriver
Kingston Brass’ Faucets

(10) YEARS LIMITED WARRANTY

Kingston Brass warrants its faucets to be flawless during normal residential use. If the faucet should leak or drip during normal use, Kingston Brass will, free of charge, mail to the original owner the cartridge necessary to put the faucet in good working condition. All warranty parts to be shipped freight prepaid ground service. Customer will be responsible for all warranty part freight charges if express shipping is requested.

This warranty applies only to Kingston Brass Faucets installed in the United States of America only. Kingston Brass also warrants all other aspects of the faucet or accessories (except Oil Rubbed Bronze and Dark Bronze Finishes or color changes as part of the normal living finish behavior) to be free of defects in material and workmanship during normal residential use within 10 years from the date of purchase to its original owner. If a defect is found in normal residential use, Kingston Brass will, at its selection, repair, replace the replacement part or product, or make appropriate adjustment. Damage to a product caused by accident, misuse, or abuse is not covered by this warranty. Improper care and cleaning will void the warranty.

Proof of purchase (original sales receipt) must be provided to Kingston Brass with all warranty claims. Kingston Brass is not responsible for labor charges, installers, or other indirect or consequential costs. In no event shall the liability of Kingston Brass exceed the purchase price of the faucet.

SPECIAL FINISHES:

Warranty does not apply to special or living surface finishes such as Oil Rubbed Bronze, Dark or Old Bronze as living finishes will charge over time as a result of a normal process and may look different than at the time of purchase; these items are warranted for functionality only. Oil Rubbed Bronze, Dark or Old Bronze components may vary in shade at the time of shipment. Its warranty is limited to the replacement of defective parts only, labor charges and/or damage resulting from improper installation, repair or replacements, as well as incidental and consequential damages connected therewith are excluded. Any damage to this faucet as a result of misuse, abuse, neglect, accident or improper installation or any use not consistent with the instructions furnished by us will void this warranty.

CAUTION!!!

1. Prior to installing the faucet, water lines must be flushed clean of debris and particles that may be present to avoid the clogging of cartridge or aerator. Clogging of a cartridge or aerator can result in incorrect functioning of the faucet. Do not use abrasive cleaners or polishers on the faucet. Use only a mild soap and water solution.
2. To remove the faucet, turn off the water supply and open the faucet to flush out the water. To remove the handle, unscrew the handle from the faucet. To remove the valve, unscrew the valve from the faucet.
3. To install the faucet, turn on the water supply and close the faucet. To install the handle, screw the handle into the faucet. To install the valve, screw the valve into the faucet.

Kingston Brass’ Cast Iron Tubs, Acrylic Tubs, Toilets, Vessel Sinks, Wash Basins, and Stainless Steel Sinks.

ONE-YEAR LIMITED WARRANTY

KINGSTON BRASS Sinks, tubs and toilets are warranted to be free of defects in material and workmanship for one year from the date of installation. Kingston Brass will, at its selection, repair, replace or make appropriate adjustment where Kingston Brass inspection discloses any such defects occurring during normal use within one (1) year after purchase to its original owner. Proof of purchase (original sales receipt) must be provided to Kingston Brass with all warranty claims. Kingston Brass is not responsible for removal or installation costs. Use of n-lank toilet cleaners will void the warranty.

To obtain warranty service, contact the Dealer, Plumbing Contractor, Home Center or E-tailer, or contact Kingston Brass by calling 1-800-252-7277 or write to Attn: Warranty Department, 12775 Reservoir Street, Chino, CA 91710.

Kingston Brass
cast iron tubs, acrylic tubs, toilets, vessel sinks, wash basins, and stainless steel sinks.

CARE AND MAINTENANCE OF YOUR FAUCET

Your Kingston Brass faucet has been finished to the most strict standards, however, due to the high content of minerals in the water, your finish may appear dull and tarnished after time. These are some dos and don’ts to maintain the luster on your faucet for many years to come.

DO:
1. Use a silicone-based caulk when installing.
2. Clean your faucet with only a mild soap and water solution.
3. Dry your faucet after using it.
4. Give it a coat of Carnauba Wax periodically.

DON’T:
1. Use plumbers putty when installing the faucet.
2. Use any abrasive cleaning agents.

It may seem like a very simple and short list but it is that simple to maintain your faucet looking shiny and new.

If your faucet is already looking somewhat dull and tarnished, before replacing it, try cleaning it with a 50/50 solution of vinegar and water. You may need to soak some rags and wrap around those stubborn areas, leave overnight and rinse completely in the morning. Apply Caro’s Wax once you have removed the mineral deposits.
