

SOHO Drawer Removal and Installation

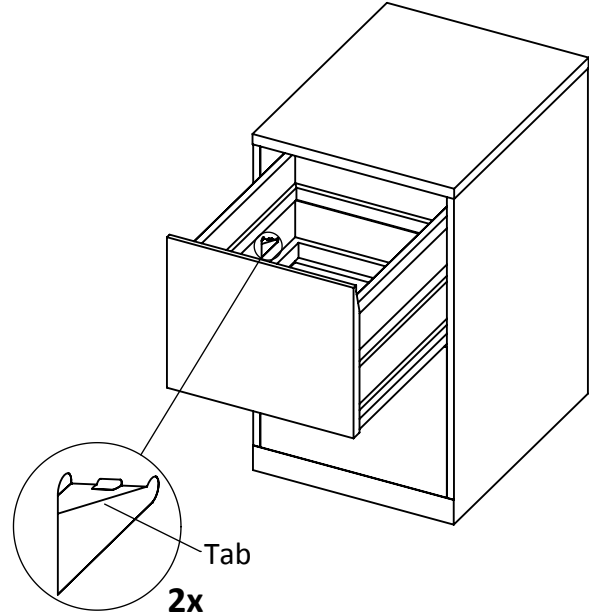

IMPORTANT! Read all instructions before proceeding.

Tools Required:

- Flathead Screwdriver

Instructions:

1. Remove all contents from the cabinet.
2. Open the drawer that will be removed.
3. Locate the two tabs on left and right sides of the open drawer.
4. Use a flathead screwdriver to bend both tabs back toward the inside of the drawer.
5. Remove the drawer from the cabinet.
6. Reinstall the drawer.
7. Bend both tabs on the drawer side toward the outside of the drawer.

IMPORTANT! The tabs must be bent back to the original position to secure the drawer.
