ASSEMBLY RATING

EASY —————> DIFFICULT

The Assembly Rating is a 5-point system showing the level of effort needed to assemble a specific product.

CHECK BEFORE STARTING

Are you missing anything?

Double-check all parts, hardware and accessories listed on Page 6 are accounted for.

Check out our Quick Tips!

We recommend reviewing the pre-assembly handouts. Even experts need a refresher now and then!

Should we send any replacements?

Are there any irregularities or flaws in the parts? We can send replacements!

Prep Time!

Please review the assembly instructions and all diagrams prior to assembling. Arrange parts as recommended on Page 7 and group identical hardware together to make assembling easier.

PRE ASSEMBLY INTRODUCTION

We understand building ready-to-assemble furniture can be a challenging experience for some. To help avoid confusion, we have provided some helpful tips that may speed up the process.

Teamwork

ALWAYS have at least two people to help with transporting and assembling the product to avoid potential injury and/or damage.

Suitable Location

Assembling near the area of the intended location is highly recommended.

Sufficient Space

Make sure you have enough space to move around during the assembly.

Avoid Scratches

Use cardboard, blankets or a carpeted area while assembling furniture to prevent scratches.

Flat Surface

Make sure the furniture rests on a flat and level surface with each leg evenly touching the floor.

ASSEMBLY AND CARE ADVICE

**FAILURE TO FOLLOW THE GUIDELINES BELOW MAY
RESULT IN INJURY AND/OR PROPERTY DAMAGE.**

Position each part correctly
and insert screws or bolts into
their respective holes.

Turn clockwise to tighten and
only tighten when step is
completed or when instructed
to do so.

Use the appropriate hand tools
or power tools for assembly.
Select steps, such as tightening
screws and/or bolts, may require
hand tools to avoid causing
damage during assembly.

Save the instructions and store
any supplied tools for later
maintenance.

After two weeks, check and
tighten any loose hardware and
repeat again every six months
thereafter.

IT IS THE USER'S RESPONSIBILITY TO MAINTAIN THE FURNITURE. THE HARDWARE MAY LOOSEN OVER TIME AND MAY CAUSE THE FURNITURE TO BE WOBBLY AND UNABLE TO SUPPORT ITS INTENDED WEIGHT CAPACITY. THIS MAY LEAD TO COLLAPSE AND MAY CAUSE SERIOUS INJURY.

CURIO CABINET

- Please keep instructions for future reference.
- Check the quantity and irregularity of parts and hardware before you start.

PARTS

#1 1pc

Curio Cabinet Bridge

#2 1pc

Left Curio Cabinet

#3 1pc

Right Curio Cabinet

#4 2pcs

Glass Shelf

ACCESSORIES

Flat Washer

#E 4pcs

Screw

#F 8pcs

Support Bracket

ASSEMBLY INSTRUCTIONS

1

- I. Align the right curio cabinet (#3) to the pre-drilled holes on the edge of the left curio cabinet (#2). Insert 4 screws (#E) and secure using the Phillips screwdriver.
- II. Insert support brackets (#F) into the pre-drilled holes located on the inner part of the cabinets. Four in each cabinet. Then apply the glass shelf.

Part #2 X1pc
 Part #3 X1pc
 Hardware #E X4pcs
 Hardware #F X8pcs

PARTS

2

Carefully place the curio cabinet bridge on top of the assembled cabinets. Align the pre-drilled holes. Prepare 4 bolt assemblies by FIRST inserting the lock washer (#C) onto the bolt (#B) then the flat washer (#D) onto that SAME bolt (#B). Insert bolt assemblies into the inner pre-drilled holes in the cabinets. Secure using the wrench (#A).

Part #1 X1pc
 Hardware #A X1pc
 Hardware #B X4pcs
 Hardware #C X4pcs
 Hardware #D X4pcs

ASSEMBLY INSTRUCTIONS

3

Attach fall prevention hardware to the wall, then to the hutch (#1) to prevent the product from tipping.

Accessories **A4** X1pc

ASSEMBLY COMPLETED

Please ensure the furniture rests on an even and flat surface. If the product wobbles or feels loose, double-check all bolts and/or screws are properly tightened and secured.

Keep this handy!

Please retain this instruction manual and any order-related information for future reference.

Lift, don't drag!

To avoid damage to product please always LIFT the product when transporting or adjusting the placement.

FURNITURE TIPPING RESTRAINT

WARNING

Injury may result from tipping furniture
This restraint is not a substitute for proper adult supervision.
This restraint may provide protection against tipping furniture.
Do not allow children to climb on furniture.
Failure to detach this restraint before moving furniture may result in injury and damage

ATTENTION: Anti tipping safeguard
Please install the Anti tipping hardware as shown in the drawing, this can help to prevent any tipping issues.

ASSEMBLY INSTRUCTIONS

Wall Mounting and Fixing

EXPANSION WALL ANCHOR

Our provided expansion wall anchors are only suitable for masonry walls, such as drywall, plaster or concrete, and are best for holding lightweight items or for anti-tip prevention. If you are unsure of the correct wall anchor to use with the product, please request professional guidance. Liability for product damage or failure due to using the incorrect anchors will fall on the installer.

CHECK BEFORE PROCEEDING

Prior to drilling or hammering, please check for wires or pipes. We recommend using a stud finder to locate a stud, which will offer more appropriate resistance and hold more weight.

QUICK TIPS

1. If unsure of the proper size, always choose a larger screw and wall anchor.

2. Match the drill bit to the wall anchor and hole size.

3. Only drill horizontally. Do not force the drill or enlarge the hole for the wall anchor.

4. Take extra care when drilling into high walls or ceramic tiles. Wall anchors should be a tight fit for the hole. Never use wall anchors in ceilings.

MAINTENANCE

Yearly
Check

We recommend a yearly check to see if the wall anchor or screw has loosened. If so, please remove the existing wall anchor and screw, and use a new anchor.
