

Your furniture purchase is an investment. Here are a few tips to maximize the lifetime of your furniture with a minimum amount of effort. Properly caring for your furniture can help ensure that it looks great year after year.

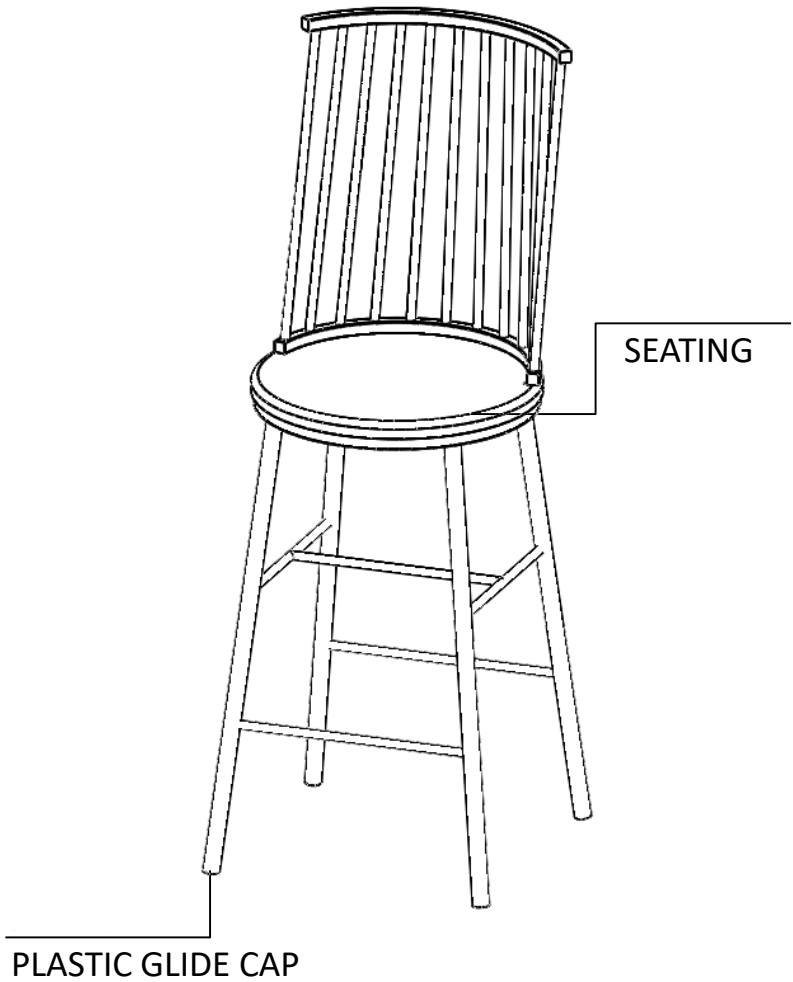

To keep your barstool looking great, be sure to wipe all spills immediately. A clean, dry, soft cloth will effectively remove dust.

Avoid cleaning the wood seating with water, however sticky spots may need to be treated with soap and water; dip the cloth in mild soap, wring the cloth nearly dry, and wipe the area. Rinse, and immediately dry with a clean, soft cloth.

Never use all-purpose cleaning sprays. Please use a damp cloth to clean the metal frame of your stool.

**** We are committed to helping save the environment for future generations. We encourage you to reuse or recycle all for the materials use in the packaging of this product.**

BARSTOOL CONTENT:
 METAL – 85%
 MDF/VENEER – 15%
