CARE AND MAINTENANCE

Store outdoor furniture indoors or cover well when not in use. Dust regularly with small brush or vacuum. Spills should be taken care of immediately before they harden or stain with a slightly dampened sponge.

WOODCARE

Adhesive felt pads should always be applied to areas of furniture which make direct contact with flooring, said application will prevent damage to the furniture and or surfaces on which the furniture lies. Objects placed on articles of furniture should rest on nonabrasive material as to prevent damage to the wood finish. Objects whose composition consists of plastic and rubber are known to discolor and damage the wood surfaces on which they rest. Wipe up

Cleaning should be done with a soft lint free cotton cloth dampened with water or furniture polish. On highly used surfaces we recommend applying a quality paste wax which should be used on a regular basis to provide additional protection from scratches and spills. How often you apply the wax depends on how much wear the furniture receives.
