

your global source for unique lighting + home decor

ASSEMBLY INSTRUCTIONS

1. Place all parts on a flat smooth surface and start the lamp assembly
2. Lamp installation
CAUTION – Before starting the installation disconnect the power by turning off the circuit breaker or by removing the fuse at the fuse box. Turning the power off using the light switch is not sufficient to prevent electrical shock
3. Install Crossbar to the ceiling outlet box using the provided screws
4. Wiring: Using the provided wire connectors connect the lamp BLACK wire to the BLACK wire from the ceiling, then connect the lamp WHITE wire to the NEUTRAL/WHITE wire from the ceiling. Finally, secure the lamp GREEN wire to the GREEN/BARE wire from the ceiling
5. Gently push the wiring inside the electrical box then secure the canopy to the Crossbar using the provided screws
6. Install the BULB(s) (not included)
CAUTION – Refer to the max wattage caution label located near the lamp holder – Do not exceed the maximum wattage

E26, Type A – 40W (not included)

E26, CFL – 13W (not included)

CARE INSTRUCTIONS – Use only a soft cloth; do not use any chemicals or abrasive cleaners
