User Manual

General Guidelines

- Please read the following instructions carefully and use the product accordingly.
- Please keep this manual and hand it over when you transfer the product.
- This summary may not include every detail of all variations and considered steps. Please contact us when further information and help are needed.

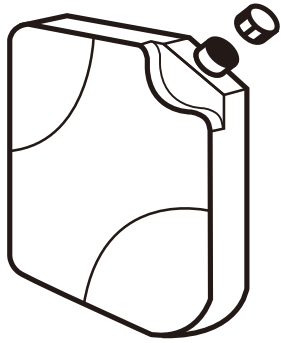

Notes

- Personal injury and/or damage to the product may occur if products are used outside of their intended purposes and/or if products have been changed/modified from their original design. The product must be assembled and used in accordance with the provisions of the manual. The seller does not assume any responsibility or liability with respect to any damage caused by incorrect assembly or improper use.
- Carefully check accessories when opening the package. If anything is missing or damaged, please contact us immediately.
- Do not use sharp tools or equipment such as a knife or scissors when removing the protective material, as it may damage the product.
- Carefully remove all of the components from the packaging and set aside for assembly.
- Assemble on a soft surface to prevent scratching during assembly.
- Tighten all components securely before use. Failure to do so may result in personal injury.

Warnings

- Keep children away when assembling the product. Small parts are included in the package; they may be fatal if swallowed or inhaled.
- To avoid the potential dangers of suffocation, please keep all parts and packaging (film, plastic bags, foam, etc.) away from babies and children.
- Only fill with water when used in warm climates. Do not fill with water if exposed to freezing temperatures. Formation and expansion of ice crank the base.

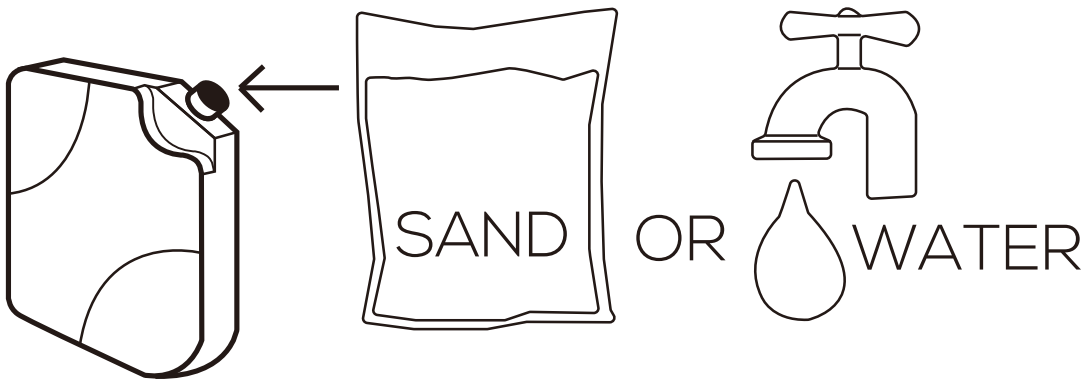

STEP 1

Sketch	Quantity
	4PCS
	4PCS

Twist the cap off.

STEP 2

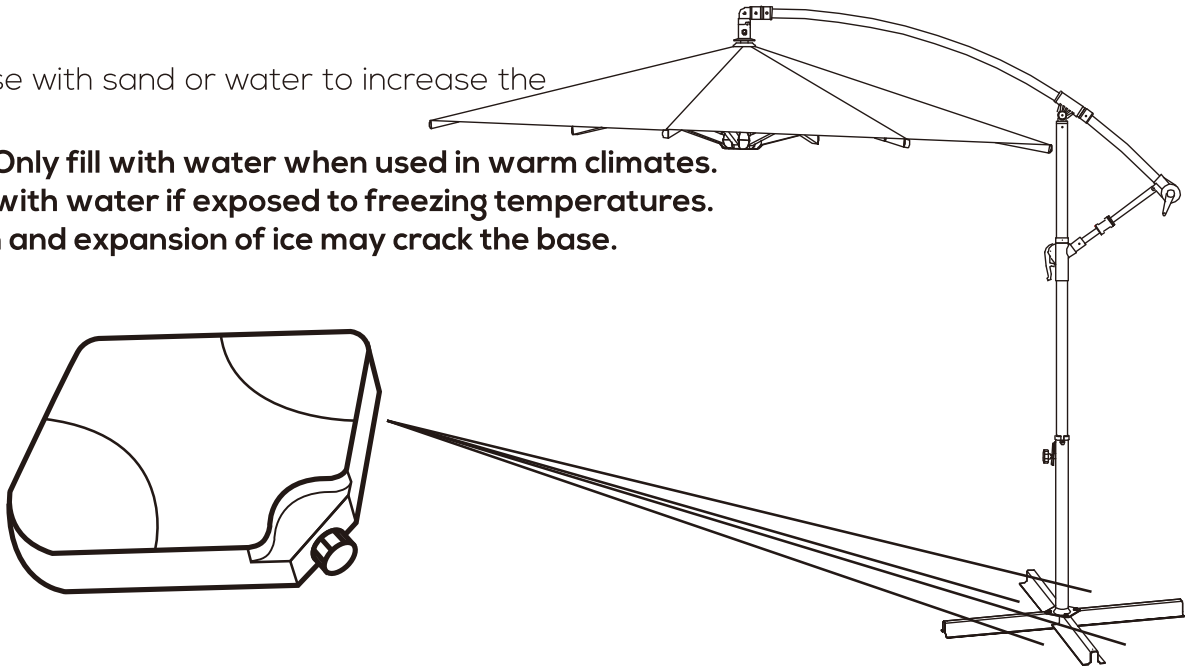

Fill the base with sand or water to increase the weight.

Warning: Only fill with water when used in warm climates.

Do not fill with water if exposed to freezing temperatures.

Formation and expansion of ice may crack the base.

STEP 3

Place the water or sand filled base snug into a corner of the umbrella stand as shown in the diagram.
Note: It is recommended to use 4 plastic bases to properly weigh the umbrella base to the ground.
