

Dear Consumer,

We regret that you are experiencing performance concerns with one or all of the components in your sleep set. Nap Queen Mattress delivers the finest quality products; and we value our customers and their concerns. All claims must go through the original dealer where your purchase was made. In the event that the dealer is no longer available, or you have moved, then you the consumer may bring your mattress and/or foundation to the nearest Nap Queen Mattress facility for repair or replace.

Nap Queen Mattress will warranty our product against structural defects (exclusive of ticking cover). Within the first year of purchase Nap Queen Mattress will repair or replace your mattress and/or foundation without charge; excluding any transportation costs. After the first year, if Nap Queen Mattress determines your mattress and/or foundation is defective, Nap Queen Mattress will repair or replace at manufacturer's sole discretion at a prorated value.

Nap Queen Mattress warranty will apply only if the mattress and/or foundation(s) are <u>NOT</u> abused, misused, or unsanitary. Stains or liquids exposed to the product cause defects, which is why a protective mattress cover is suggested. **NOTE: All rips, stains or tears will void the warranty.** The manufacture reserves the right to substitute materials of equal quality in making the repair or replacement. There is not a guarantee that the product you receive will have the same fabric cover or construction as your current mattress or box spring, especially if the replacement is being made several years after the original purchase.

(There is no guarantee the replacement product will "match" the original if you purchased a set).

Please review the following list of photo requirements and utilize the checklist to ensure the complete package is submitted to save time and make this a more efficient process. Our warranty process should take no longer than 4-6 weeks if all requirements and documents are submitted properly. Please be aware if we are processing your warranty and we do not receive return contact from you within 30 days, your warranty packet will be closed and a new complete packet will need to be submitted to move forward. Please email (via attachment) or mail in the images requested below. We cannot accept faxed in pictures. Products equal to or larger than a Queen require a center support on the frame; if the product has no center support this will void the warranty. If your product is purchased as a set and you return the set the foundation will have the same warranty as the mattress. If individual pieces are returned by themselves the warranty can differ from each product piece. In order to return both pieces there has to be a manufacture defect with both the mattress and box spring.

1) _____Pictures of the mattress with no sheets (full length view)
2) ____Pictures of the measurement of the impression (see instructions)
3) ____Pictures of the law tag attached to the mattress (make sure this is legible)
4) ____Pictures of the foundation (remove mattress please)
5) ____Pictures of the law tag attached to the foundation (make sure this is legible)
6) ____Pictures of the bed rail (with foundation removed)
7) ____Photo copy of proof of purchase (your receipt)*

Enclosed you will find step-by-step instructions on how to file your claim. Please review the following information on how to confirm if your concern is normal wear and tear or defective. Only after reviewing the claim form, if you believe your mattress and/or foundation to be defective, please fill out the Claim Form and return it with the images required.

^{*}If you are unable to locate your proof of purchase, please contact the dealer you purchased the bedding from. They may be able to retrieve records of your purchase.

Is your mattress or box spring cover soiled, stained, burned or torn? Yes No

Body Impressions: Mattress sagging and upholstery pocketing areas are formed into the mattress by the body's different contours. No mattress will remain perfectly flat on the surface forever. The Industry Standard terminology for these indentions is "Body Impression". These impressions are inherent into the mattress due to more foam layering, added insulator pads, memory foam, and Dacron materials in construction. Queen and King sized mattresses may have impressions that are more noticeable, and the Euro and Pillow Top models carry the deepest impressions. Industry

Standard for a body impression that is considered a manufacturing defect is greater than 1½ inches, less than that is considered normal product variation. In the event that the impressions become greater than 1½ inches during the warranty period, the mattress will be repaired or replaced at the sole discretion of the manufacturer.

HOW TO MEASURE BODY IMPRESSIONS

Place a yardstick or broomstick across the location of body impression(s). Use a ruler to measure depth of the impression. Measure from the center padded area of quilting, **NOT** in the seams of the quilted threads so that measurements will be accurate. Take a photograph of indention(s) or defects and submit with this form.

Avoid applying pressure to the product when taking this measurement, those photos will not be accepted.

Please use diagram below to identify location where you have a problem

FOUNDATION INFORMATION

Che	ck any boxes that may apply to your foundation and please explain.
	Noise:
	Other:
If yo	ou do not use a foundation, then please write in "none used"
hea fran repl	reaks or Noises: Squeaks and other noises most often originate from the bed frame, adboard, or footboard. Remove the mattress and box spring from the bed frame. Check the me by pushing down in several locations to locate the noise. If the noise cannot be located, lace the box spring on the frame and repeat the test. Finally, replace the mattress and eat the test.
	ken Boards : Broken boards please list # of broken boards presenting the issue (broken boards v have a 1 year warranty)
<u>IMP</u>	PORTANT:
	1. No rips, stains or tears.
	2. You must have an intact " <u>Law Tag</u> " on your mattress and/or foundation.
Ŝ	3. Attach a copy of your proof of purchase and photos of your mattress, foundation and frame.
4	4. Photos must be mailed or emailed in for submission.
	5. Photos cannot be faxed.
	6. Nap Queen has sole discretion to repair or replace defective product.
I rep	resent that the information above is accurate and complete to the best of my knowledge.
