

# INSTALLATION INSTRUCTIONS

## Installation Manual

**IAPMO RESEARCH AND TESTING, INC.**  
5001 East Philadelphia Street, Ontario, California 91761-2816 • (909) 472-4100 Fax (909) 472-4244 • [www.iapmo.org](http://www.iapmo.org)

**CERTIFICATE OF LISTING**

 IAPMO Research and Testing, Inc. is a product certification body which tests and reports compliance data from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and operations as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product except as by American Testing Procedures.

Effective Date: August 2013      Void After: August 2016

Product: Plumbing Fixture Fittings      File No. 6737

Issued To: Kaiping Heart Cartridge Co., Ltd.  
No. 28 Heliwan Dong Road,  
Shilong Town,  
Kaiping City, GUANGDONG  
China

**Identification:** Plumbing supply fittings complying with this Standard shall be marked with the manufacturer's recognized name, trademark, or other mark or, in the case of private labeling, the name, trademark or other mark of the customer for whom the fitting was manufactured. The marking shall be accomplished by use of a permanent mark or by placing a permanent label on the product. Markings on plumbing supply fittings shall be visible after installation.

Single-handle, single-control, and automatic compensating mixing bath and shower valves shall have identifiable temperature control settings in which the settings are indicated by words ("cold", "warm", "hot", etc.), by numbers, or graphically.

Packages shall be marked with the manufacturer's name, trademark, or other mark as well as the model number or, in the case of private labeling, the name, trademark, or mark of the customer for whom the fitting was manufactured as well as the model number.

   
Chairman, Product Certification Committee      CEO, The IAPMO Group

This listing period is based upon the last date of the month indicated on the Effective Date and Year after Date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any violation of the requirements of this listing period may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate shall be grounds for revocation of the listing. This document shall be reproduced in its entirety.

## Check accessories

### Standard List of Accessories:

When you open the product packaging, please check whether the objects in it are consistent with the main body and accessories you purchased. If there is any inconsistency, please contact our company or our distributor.

Note: 1. Accessories are subject to change without prior notice if the change does not affect usage;

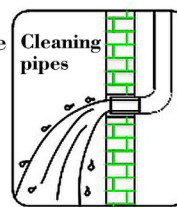

2. The appearance of the product is subject to the physical objects you receive, and the schematic diagram is only for reference.

# INSTALLATION STEPS

This product has been inspected and debugged by the factory to the best condition. Please do not disassemble and assemble it yourself.

Before installing the faucet, please be sure to remove sundries and sludge from the water pipe to prevent sundries from blocking the faucet.

1. Dig pipe grooves for pre-burying pipes.

2. Install waterfall outlet and faucet body.

3. Stick the tiles. (Refer to Figure 4 for important dimensions)

4. The water outlet of the waterfall is slightly lower than the tile surface.

5. Cover the waterfall spout with a decorative cover. (wrap the PTFE tape on the thread).

# INSTALLATION STEPS

6. Tighten the waterfall spout clockwise.  
Close the decorative cover to the wall.

7. Install the main body cover plate and handle.

## INSTALLATION DIMENSION

## CLEANING CARE

In order to keep the appearance of faucet clean, bright and good performance, please take care of the faucet as follows;

1. Rinse with water only and dry with soft cotton cloth;
2. Use mild liquid and colorless glass cleaner to remove surface dirt and scale film, or use polish without abrasive effect;
3. Do not use abrasive detergent, polish, emery cloth, paper towel or scraper, etc.;
4. Do not use acid cleaner, or cleaner and soap with insoluble gran etc.;
5. In the process of use, mud may accumulate in the bubbler and make the water flow slow. The bubbler can be unscrewed, rinsed with water, and then installed back in place.

**Please feel free to contact us if you have any questions. We will help to solve the issue together with you. OUR EMAIL: [services@rbrohant.com](mailto:services@rbrohant.com)**
