Warranty

The goods

IMPORTANT

1. Do not tighten bolts / screws completely until all bolts / screws are lined up and inserted into holes.
2. Do not over tighten screws and bolts to avoid stripping.

Step 1

Let's get started! First, attach the Knobs (1) to the drawers on the Floating Table Assembly (A) using the 5/32" x 11/4" Inch Knob Bolts (2).

Step 2: Using the Mounting Installation Template

Unroll it

Unroll the paper Mounting Installation Template (6) and remove the adhesive backing at the corners.

Place it

Locate where you would like to mount the side table and apply the Mounting Installation Template (6) to the wall in that location. Make sure the template and holes are level.

Mark it

Using the holes in the template, mark the location of each hole on the wall. These will become your guides as to where to drill the holes for the wall anchors.

Remove it

Slowly remove the paper, ensuring that all holes have been marked.

Drill it

Drill each hole to the suggested size.

Important Note: Recommended Drill Bit = $\frac{5}{16}$ "

See following pages for more detail.

Step 3: Non-drywall

First, go ahead and tap the Non-Drywall Wall Anchors (4) into place in the new holes that you just drilled.

If you're feeling strong, you can just go ahead and push them in.

Next, screw the French Cleats (B) into place using the M4*65mm Screws (3).

Skip to page 7 if you have drywall walls.

Step 3: Drywall

First, go ahead and pinch the Drywall Wall Anchors (5) into place in the new holes that you just drilled.

If you're feeling strong, you can just go ahead and push them in.

Next, screw the French Cleats (B) into place using the M4*65mm Screws (3).

Turn back to page 6 if you have non-drywall walls.

See following page for more details about using drywall anchors.

Step 3 (cont.)

How to use drywall anchors

1. Drill hole with 5/16" bit

2. Pinch and insert

3. Begin tightening

4. Tighten to 100%

Step 4

Now that the wall is prepped, line up the French cleat already installed on the back of the table (A) with the French Cleat for the Wall (B) and set your floating table on the wall.

And that's it, you're done!
Time to celebrate with a well-deserved snack.

No heartburn, when we handle the return

Give us a call **1-866-619-1004** or shoot us a message
at **help@nathanjames.com** we will issue you a free
replacement with **zero hassle**.

Replacement

You

We really don't want you to go through the hassle of re-packaging your item
and sending it back, because let's be honest...nobody has time for that.

Safety first, fun later

We want your product to last as long as possible, so we recommend that you tighten the screws 2 weeks after assembly and for added safety check the tightness of all screws every 2 months.

For proper care and treatment, please check our website at NathanJames.com/products

Safe use of this product starts with you.

Use this product responsibly with the primary concern for your safety. Follow assembly instructions carefully and inspect product upon receipt and each use.

Nathan James and its parent companies cannot be held legally responsible for any injuries or death resulted from failure to follow instructions or improper use of this product.

Do not modify the structure of this product in any way.

Our products have been tested to meet specific safety measures as they were originally intended to be sold. Any modifications will present the risk of creating significant safety issues which NJ will not be responsible for.

Proper use

DO NOT	use for commercial purposes
DO NOT	frolic on table
DO NOT	use table as foot stool
DO NOT	leave spilled liquid on table
DO NOT	use table if damaged
DO NOT	make temporary repairs
DO NOT	use outdoors

We are only in business if you're happy

For starters, thanks for being you.
