Important Notes:

IMPORTANT! Before making your shower door selection, make sure walls are finished with tile or other materials, for proper measurements.

Install this product according to the installation manual. Professional installation is recommended.

Anodized aluminum wall profiles allow up to 1 in. adjustment for width.

Anodized aluminum wall profiles allow up to 1/4 in. adjustment for out-of-plumb (uneven walls).

Professional installation recommended.

Important Disclaimers:

- Prior to installation, please ensure that the installation surface is finished, level and solid and will be able to support the total weight of the unit. Also, make sure that the walls are plumb. Irregular installation, surface level or out of square conditions can result in serious problems for your installation.
- Please read Installation Manual thoroughly prior to installing this product.
- Please note that you should consult your local building codes with questions on installation compliance standards. Building and plumbing codes may vary by location, and DreamLine® is not responsible for code compliance standards for your project and will not accept any returns.

The Alliance Swing shower door is intended for residential use only. Not suitable for commercial use.
