# The goods

## IMPORTANT

1. Do not tighten bolts / screws completely until all bolts / screws are lined up and inserted into holes.
2. Do not over tighten screws and bolts to avoid stripping.
3. Please use hand tools to assemble this product. Do not use power tools.

# Step 1

It's as easy as it looks! Attach the Top Side Stretchers (G) to the Front Top Frame (A) using M6\*12mm Bolts (1). Tighten to 75%.

# Step 2

I know...we're thinking the same thing, I'm hungry. Luckily, this assembly is very easy and will be done in no time.

Now attach the Back Top Frame (B) to the Top Side Stretchers (G) using M6\*45mm Bolts (3). Tighten to 75%.

# Step 3

Now attach the Middle Side Frames (C) to the Bottom Side Frames (D) using the M6\*12mm Bolts (1). Tighten to 75%.

# Step 4

This thing is really starting to come together!

Next, attach the Middle Side Frames (C) that you assembled in Step 3 to the Front Top Frame (A) and Back Top Frame (B) that you assembled in Step 2 using the M6\*12mm Bolts (1). Tighten to 75%.

# Step 5

Time to start working on the shelves!

Secure the Shelf Stretchers (E) and the Back Top Stretcher (F) to the rest of the frame using M6\*45mm Bolts (3).

# Step 6

Secure the Shelves (H) to the frame using M6\*30mm Bolts (2).

Next, attach the Plastic Bracket (9) to the frame using the M3.5\*14mm Screws (6).

## Step 7

You're almost done! You should be a professional bookcase assembler or something.

Adjust the feet of the bookcase until stable.

Wobbly or unlevel?  
Adjust feet until stable!

## Step 8

Now for the final step—securing the bookcase to the wall for some extra stability.

Insert the Wall Anchors (8) into the wall. Then secure the Plastic Bracket (9) to the wall using the M4\*35mm Screws (7). Finally, run the Plastic Strap (5) through the Plastic Brackets (9) on the wall and bookcase frame.

Ta-da! Time for a shelfie!

### IMPORTANT NOTE:

Young children (and/or pets) can be seriously injured by tipping furniture units.

You must install the provided anti-tip kit hardware solution, as instructed, to prevent the furniture unit(s) from tipping over - which could possibly lead to injuries or damage.

The provided anti-tip kit hardware solution is intended only as an additional safety measure & deterrent; it is not a substitute for proper adult supervision.

The provided anti-tip kit hardware solution is not an earthquake restraint. If you wish to add the extra security of earthquake restraints, they must be purchased & installed separately.

Replacement

You

We really don't want you to go through the hassle of re-packaging your item  
and sending it back, because let's be honest...nobody has time for that.

# Safety first, fun later

We want your Haven Bookcase to last as long as possible, so we recommend that you tighten the screws 2 weeks after assembly and for added safety check the tightness of all screws every 2 months.

For proper care and treatment please check our website at [NathanJames.com/products](http://NathanJames.com/products)

## Safe use of this product starts with you.

Use this bookcase responsibly with the primary concern for your safety. Follow assembly instructions carefully and inspect product upon receipt and each use.

Nathan James and its parent companies cannot be held legally responsible for any injuries or death resulted from failure to follow instructions or improper use of this product.

## Do not modify the structure of this product in any way.

Our products have been tested to meet specific safety measures as they were originally intended to be sold. Any modifications will present the risk of creating significant safety issues which NJ will not be responsible for.

## Proper use

<b>DO NOT</b>	use for commercial purposes
<b>DO NOT</b>	frolic on bookcase
<b>DO NOT</b>	use bookcase as foot stool
<b>DO NOT</b>	leave spilled liquid on shelves
<b>DO NOT</b>	use bookcase if damaged
<b>DO NOT</b>	make temporary repairs
<b>DO NOT</b>	use outdoors

# We are only in business if you're happy
