

1. Installation of table legs

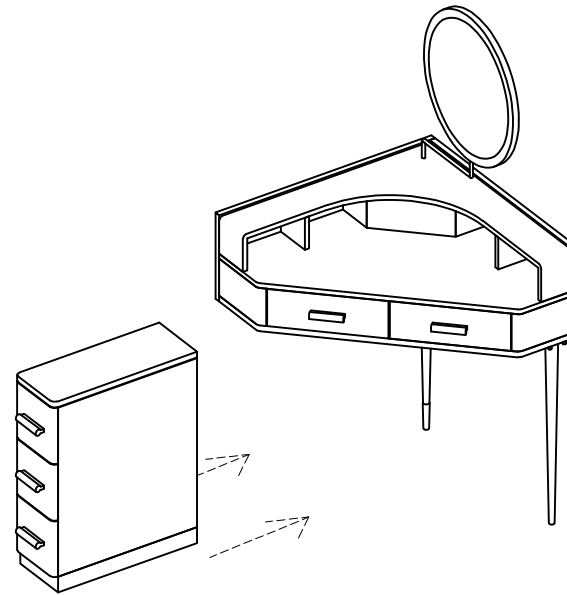

(1.1). Before installation, the dresser can be placed in the central bottom of the dresser as a short-term support point to facilitate the installation of the table legs (someone needs to support it to prevent tipping)

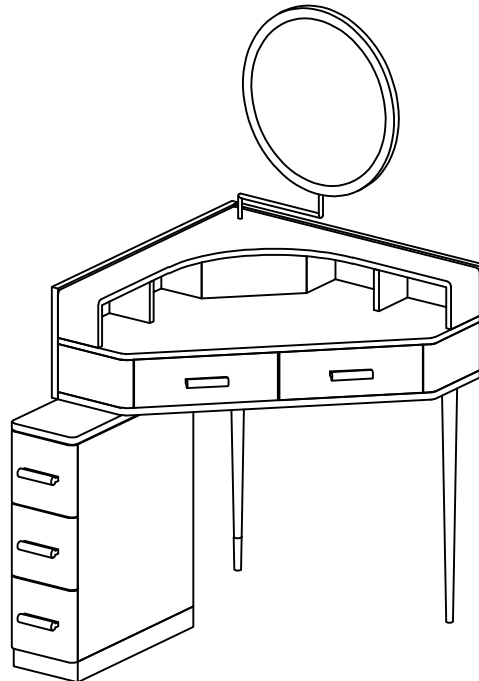

(1.2). Place the table legs on the bottom plate of the dresser to align with the holes, then put in the hexagonal wire and tighten it with a wrench.

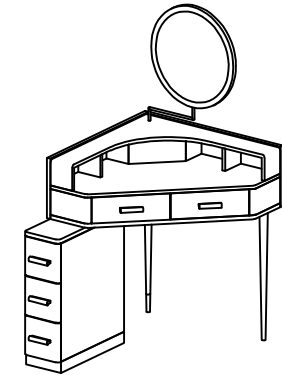

2. After installing the table legs, move the dresser to a direction that needs to be balanced and supported.

3. Installation complete

Installation instruction

VB9105L Installation

Suggested Number of People for Assembly: 2
