

Assembly Instructions - 21126

1. Carefully layout all parts in a line on a smooth surface, and use the following steps to assemble the lamp.
2. Install an E26, Type A, 60 watt bulb (not included)
3. Plug into the wall outlet for use.
4. Use the in line Switch to turn the item ON and OFF

CAUTION - Refer to the wattage caution label located near the lampholder for recommended maximum wattage-do not exceed recommended wattage.

WARNING - Do not attempt to replace the bulb while the lamp is plugged into a wall receptacle.

Important Safety Instruction

This portable lamp has a polarized plug (One blade is wider than the other) as a safety feature to reduce the risk of the electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit in the outlet, reverse the plug. If it still does not fit, consult a qualified electrician. Never use an extension cord unless the plug can be fully inserted. Do not alter the plug.
