Farkas, the Towering Werewolf, found his way to our world through a prehistoric time portal. This dire wolf travels freely between his world and ours morphing into a werewolf to search for tasty morsels to eat. Be careful out there, or you might be his next meal. Farkas will mesmerize your trick-or-treaters with his looming 7-ft. stature, powerful jaws, and glowing green eyes that pierce the darkness. Blood-chilling sounds include snarling, growling, and howling at the moon.
