★ Flat washer

NOTICE:

The part of hardware (2),(3) and(5) already pre installed on the PRODUCT part.

Please make sure all hardware&packing material fitting the list.

Especially some small accessories may be missing during transportation. Please contact us if you have any question.

step 1

Remove the pre-drilled bolts (2) from both sides of the seat frame (D), then place the seat frame on its side on a clean surface as shown. Align the holes on the sofa metal functional supports (G & H) with the holes on seat frame, use the allen key (1) to tighten the bolts.

step 2

Remove the pre-drilled bolts (2) from both sides of the seat frame (D), then place the seat frame on its side on a clean surface as shown. Align the holes on the sofa metal functional supports (G & H) with the holes on seat frame, use the allen key (1) to tighten the bolts.

step 3

The board that connect to the seat frame is the footrest, remove the pre-installed bolts(3) from the footrest, then align the bolt holes on the footrest with the bolt holes on the extended part on the sofa metal functional supports, use the allen key (1) provided to tighten the bolts.

step 4

Place the backrest (A) flat on a clean surface as an elevate pad. Then place the pre-installed seat frame from the last step onto the backrest as shown in the figure.

step 5

According to the diagram, unscrew the bolts at position 3 for 2/3, do not unscrew completely

step 6

According the diagram, use the allen key provided to unscrew the circled bolts completely, there will be 8 bolts totally.

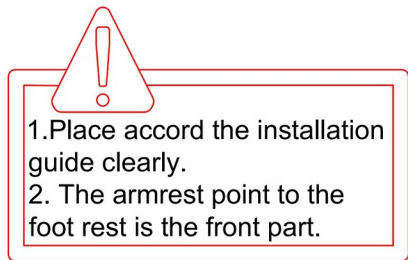

step 7

Use the 1/3 remained screws from last step (labeled step 6) to hang the armrests (B,C) into the hold with a notch on iron frame as shown, make sure both of the bolts are correctly aligned. Use the allen key (1) provided to tighten both bolts, make sure both bolts are fully tightened before next step.

step 8

Using the same method as in step 7, install the armrest on the other side.

step 9

As the diagram shows, place the bolts through the bolt holes on the metal parts of the connecting part-Front, and install to the front part of the armrests. Repeat the same step for the back part of the armrests.

The position
of the velcro

- 
1. Place accord the installation guide clearly.
 2. The armrest point to the foot rest is the front part.

step 10

First place one flat washer (5) on each bolt (3), then align the bolt holes on both connecting part-Front (I) and connecting part-Back (J), then use allen key provided to tighten all bolts by 30-50%, make sure bolt holes on both armrests and connecting part-Front are correctly aligned before fully tightening.

step 11

Place one plastic washer (4) on the bolt part of the wood legs, then twist in the front and back wood legs (K & L) into the pre-drilled holes on the bottom of the armrests.

Make sure they are fully tightened.

step 12

Take the seat frame (D) and place it straight on the ground. Hold the backrest (A) and uncover the back cloth, align the metal connectors of the inner backrest (A) with the tip part of the sofa metal functional supports on the seat frame, and push down hard until they interlocked completely.

step 13

Uncover the Velcro strip cover on the bottom of the back cloth, and stick the Velcro to the bottom of the connecting part-Back.

step 14

Install the wings (F&E) to the backrest as shown. Make sure the connector are aligned to the correct slot before pushing down.

Repeat this step for both side ears.

step 15

The backrest and the footrest are adjustable, the backrest has recline function. When you lie down and apply force to the backrest, the footrest will lift up while backrest is reclining down.
