

ASSEMBLY INSTRUCTION FOR ITEM C8531KPLS

We believe you will absolutely love your new furniture. Please immediately examine this product carefully. Any request for missing part or damage replacement must be received within 90 days of your receipt of the product. For some reason you want to return the product, please contact us directly before you decide to return your product to the retailer. Our Customer Service team can answer most concerns and can assist you with any questions you may have about your new product.

Please contact us first by emailing service@casepiece.com

Have these ready when you email:

- **Item Number**
- **PO #**
- **Purchaser Name**
- **Proof of Purchase**
- **Description of the problem and/or the Part Number needed**

Replacements for missing or damaged parts or hardware are normally shipped within 3 to 5 business days and we thank you for your patient.

The item must be returned in good condition, in original box, with all original proof of purchase, parts and accessories, within the time frame specified by the retailer it was purchased from.

90-Day Limited Warranty Statement for Manufacturing Defects

Please read this Limited Warranty carefully. To maintain your Warranty, you will need to comply with the conditions stated here. This warranty is for manufacturing defects only and does not cover damages as a result of misuse.

1. Our products sold comply with the description contained in this Warranty. All parts and products are warranted 90-Day from the original date of delivery except: parts and products used for commercial, contract, rental trade, institutional, or any other non-residential purposes; parts and products that have not been maintained in accordance with the care recommendations provided; parts and products damaged resulting from the consumer's improper assembly; or parts and products that are damaged or defective due to normal wear and tear.
2. To exercise rights under this warranty, proper documentation, i.e., photography, purchase order number, manufacturer's bar code label, and or any other pertinent information upon request is required. We reserve the right to repair or replace the product within the warranty period based upon the documentation received as support of a claim for consideration. We will not replace or repair any product if improper maintenance, improper handling, or improper use caused the damage. Any product sold from or modified by a Non-Authorized Dealer, Seller or Consumer will void the Warranty.
3. Cost of packaging and shipping to and from us is not covered by the warranty unless expressly arranged by us. This warranty does not extend to furniture that has been exchanged or replaced by us as settlement of an original claim of defective merchandise. This warranty does not extend to furniture that has been moved from delivery location on original purchase order.

We appreciate your business!

Labels: 11, 12, 13, 14, R, L, TOP, G, M, A, J, K.

Diagram illustrating the assembly of the right side of the device (STEP 3). The main view shows the right side of the device with components 1, 11, and R. A circular inset shows a close-up of the assembly of component 12 into the right side of the device, with a red arrow indicating the direction of movement. The inset also shows components 1, 12, L, D, H, and I.

STEP 4

The diagram illustrates the fourth step of an assembly process. It shows two long, light gray metal rails. On the left, two rails are shown, each with a black circle containing the number '4' in the center. On the right, two more rails are shown, each with a black circle containing the number '5' in the center. Red arrows point from the ends of the rails labeled '4' towards the ends of the rails labeled '5', indicating that the rails are to be joined together in the center.

STEP 13

Diagram illustrating Step 13: Attaching slats to the bed frame. The main image shows a bed frame with a tufted headboard and a wire mesh base. A red arrow points to a slat (8) being inserted into a slot (9) on the side rail (5). A circular inset provides a close-up view of the slat (8) being pushed into the slot (9) on the side rail (5).

STEP 14

Diagram illustrating Step 14: Attaching the headboard. The main image shows the bed frame with the headboard (10) being attached to the side rail (5). A red arrow points to the headboard (10) being pushed into the side rail (5). A circular inset provides a close-up view of the headboard (10) being pushed into the side rail (5), showing the internal mechanism (13) and the headboard (10) being pushed into the side rail (5).

STEP 15

Diagram illustrating Step 15: Attaching the side rail to the wire mesh base. The main image shows the wire mesh base (18) with a side rail (5) being attached. A red arrow points to the side rail (5) being pushed into the wire mesh base (18). A circular inset provides a close-up view of the side rail (5) being pushed into the wire mesh base (18), showing the internal mechanism (13) and the side rail (5) being pushed into the wire mesh base (18).

STEP 16

Diagram illustrating Step 16: Attaching the footboard. The main image shows the wire mesh base (18) with a footboard (17) being attached. A red arrow points to the footboard (17) being pushed into the wire mesh base (18). A circular inset provides a close-up view of the footboard (17) being pushed into the wire mesh base (18), showing the internal mechanism (13) and the footboard (17) being pushed into the wire mesh base (18).
