## Assembly Steps

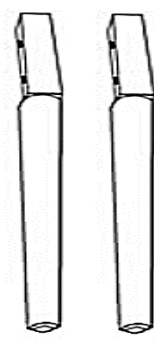

### Overview

## Step 1

Position the Ottoman on its reverse side, as shown in above picture, preferably on a surface that will not scratch the upholstery.

Remove the non-woven bottom cover.

Take out 4pcs of Wooden Legs and a bag of hardware (9 bolts and 1 Allen Wrench).

## Step 2

Install the legs on the leg position located on the underside of the Ottoman.

Make sure the 'overhang' on the Leg Frame is facing outwards.

Slide-insert the grooves of the Wooden Legs into the tenons on the Ottoman.

Insert one Spring Washer (②) and then one Washer Ring (③) into each Bolt(①)

Insert the Bolt through the mounting position on the corner of the Bench into the threaded mounting position in leg.

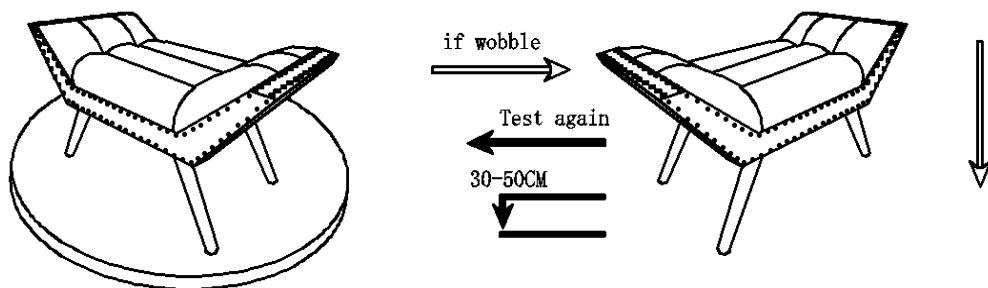

Use the Allen Wrench(④) to tighten the Bolts, by turning clockwise.

Each leg shall be bolted down with 02 Bolts.

**DO NOT overtighten the first time around for all Bolts.**

Repeat the same steps to install the remaining 3 legs.

### Step3

Place the Ottoman on a LEVEL SURFACE to see if it wobbles.

If it wobbles, lift the chair to some 30cm to 50cm height from the ground.

Keep your feet and toes well away from the drop zone.

Drop the Ottoman freely and vertically with the four legs, hitting the ground, at the same time.

This Drop Test will help to ensure that all the bolts and gaps to all reach full alignment status.

Test again for evenness on a LEVEL SURFACE.

If no wobbles found, proceed to tighten all the bolts.

CAUTION : When tightening these bolts, tighten sequentially.

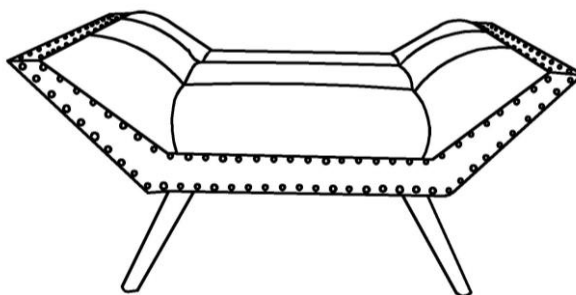

DO NOT tighten any screw fully and then towards the next one.

This would cause the frame to warp.

If there is still wobbles, loosen the bolts and execute this same drop tests.

WARNING!! IF CHAIR IS NOT STABLE , IT COULD LEAD TO DAMAGING THE PRODUCT.

### Step4

Once all legs are affixed, fully tighten all 8 bolts on all 4 legs, in a sequential manner.

Inspect and make sure all parts are connected, locked and fully secured into position.

Seal the non-woven bottom cover back to the underside of the Ottoman.

Place the Ottoman right side up and it is ready to be used.

**Caution: This Ottoman only be used on a flat, level surface.**
