Before You Start

1. Decide on an appropriate location for your product, please read assembly and Instruction procedure carefully.
2. Retain the instructions for future use and save the carton for storing your reindeer.

Assembly and Instruction Procedure:

Remove all packaging (i.e., cardboard or plastic) before beginning. We suggest unpacking the reindeer on a large cloth. Some of the snow flocking may come off during unpacking and assembling.

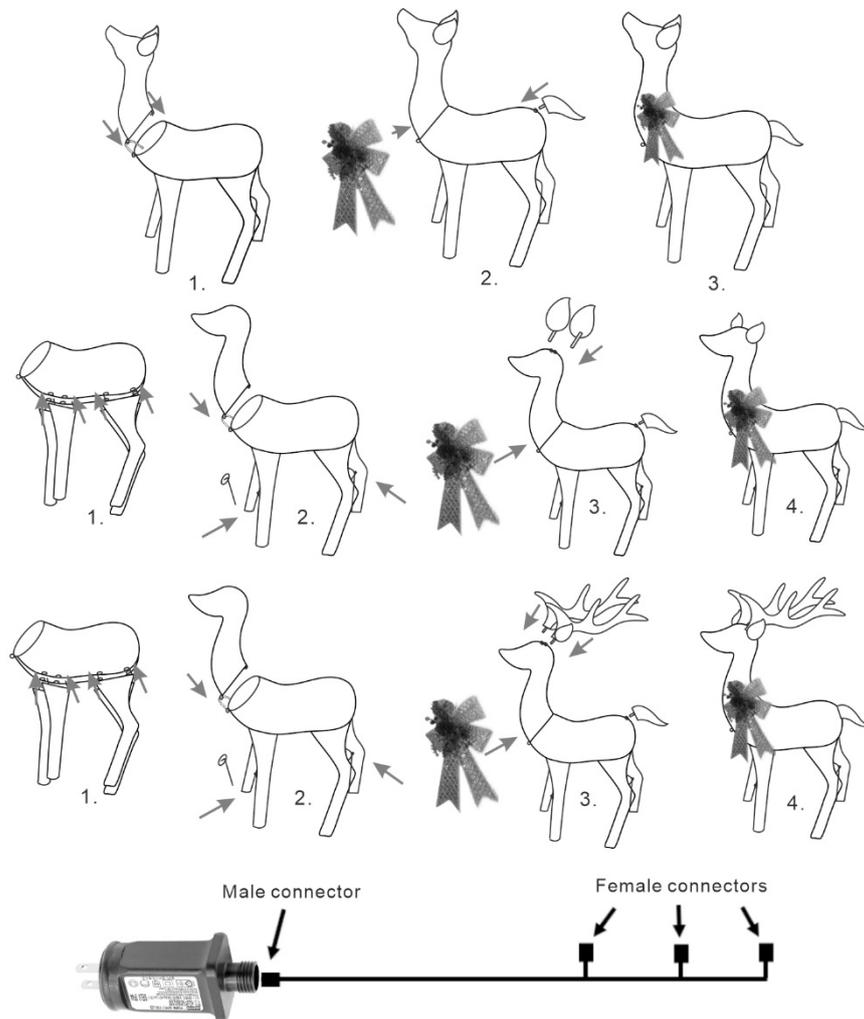

For baby reindeer:

1. Assemble the deer head with the body by inserting the neck end into the body, use plastic tie to connect the metal hoop located on the neck and body, then tighten it as picture shown.
2. Insert the tail end into the body, it is recommended to use plastic tie to fix firmly. Put the bowknot on the deer's neck (anywhere you like).
3. Now finished as shown. Make sure the final assembly stable enough. For outdoor used, pls do add garden stakes.

For Two Large Reindeer:

1. Assemble the reindeer's feet with the body by inserting the wire tubes into the holes located on the body as shown.
2. Assemble the reindeer's head with the body by inserting the neck end into the body, use plastic tie to connect the metal hoop located on the neck and body, then tighten it, make the feet steady by fixing the support brackets as shown.
3. Assemble the horn and tail, it is recommended to use plastic ties to fix firmly, then put the bowknot on the reindeer's neck (anywhere you like).
4. Now finished as shown. Make sure the final assembly stable enough. For outdoor used, please add the garden stakes.
5. Connect the light chain with supplied connector, then light up with supplied adaptor.
