PRODUCT DESCRIPTION

Lounge chair is built to last, featuring a reinforced metal frame that guarantees stability and longevity.

The 7.8-inch-thick ultra-soft seat cushion offers perfect leg support, while the foam-padded backrest ensures lasting comfort. The soothing design makes it a perfect addition to any living space.

To maintain the chair's pristine condition during shipping, the cushions are vacuum compressed.

The top of the frame is adjustable; however, avoid rotating the joint to a 90° angle, as this will disable the adjustment feature.

The comprehensive packaging includes all necessary components, tools, and step-by-step instructions, conveniently packed into one box for a hassle-free assembly experience.
