Before
Beginning
Assembly:

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

Assembly Steps

Overview

This Ottoman has multiple parts and may require up to 30minutes to assemble. To give you an overview of the ottoman parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Put the Ottoman(A) upside down with the base facing skywards, and place onto a clean soft surface.

Carefully peel away the dust cover from the bottom edge.

Take the the package out of the Ottoman.

Open up this package and remove the 4pcs Wooden Legs and its contents.

Step 2

Install the first Wooden Leg(B) into the bottom of the Ottoman(A) by placing 1pc Washer Ring on the threaded stem.

The use of Washer Rings (①) improves tightness and security of leg after assembly.

Tighten by turning the leg clockwise.

Repeat the same step to install the three remaining legs.

Note : The use of Washer Rings are OPTIONAL and is especially useful to help alleviate slight wobbleness. Some Legs may need more than one whilst some legs do not need any.

Step 3

Place the Ottoman right side up, test for evenness.

Where you find this Ottoman being uneven, identify the corresponding leg and "add or remove" a Washer Ring to achieve evenness.

Turn the Ottoman the right side up and it is ready for use.

This Ottoman can only be used on a flat, level surface.
