Assembly Steps:

Overview:

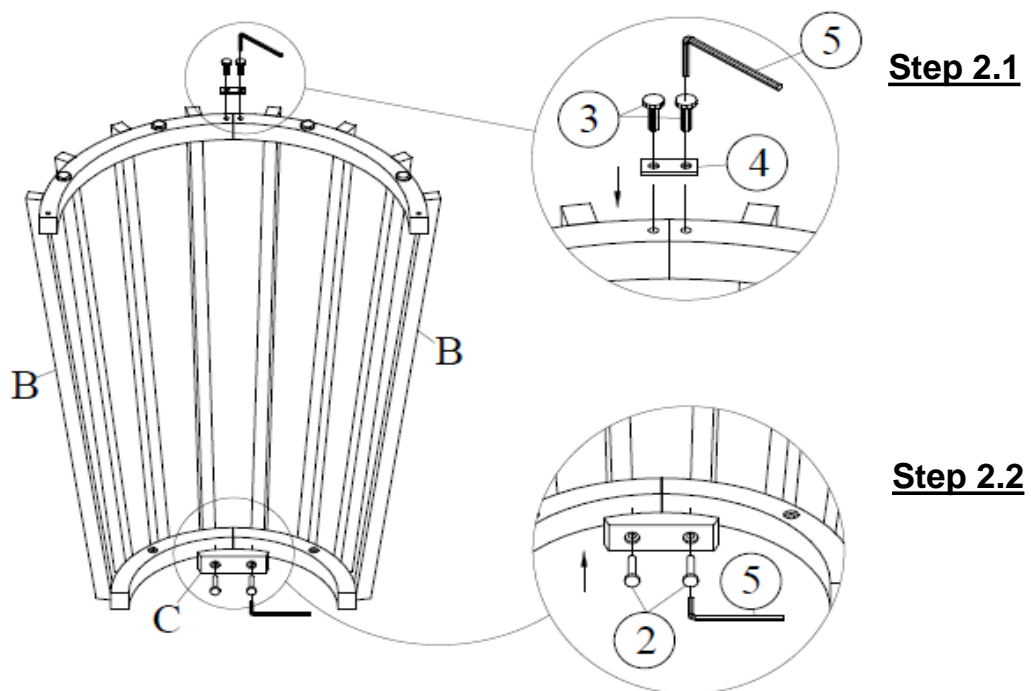

This Table has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Table parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1:

Unpack and place all parts on a clean, non-marring surface.

Step 2:

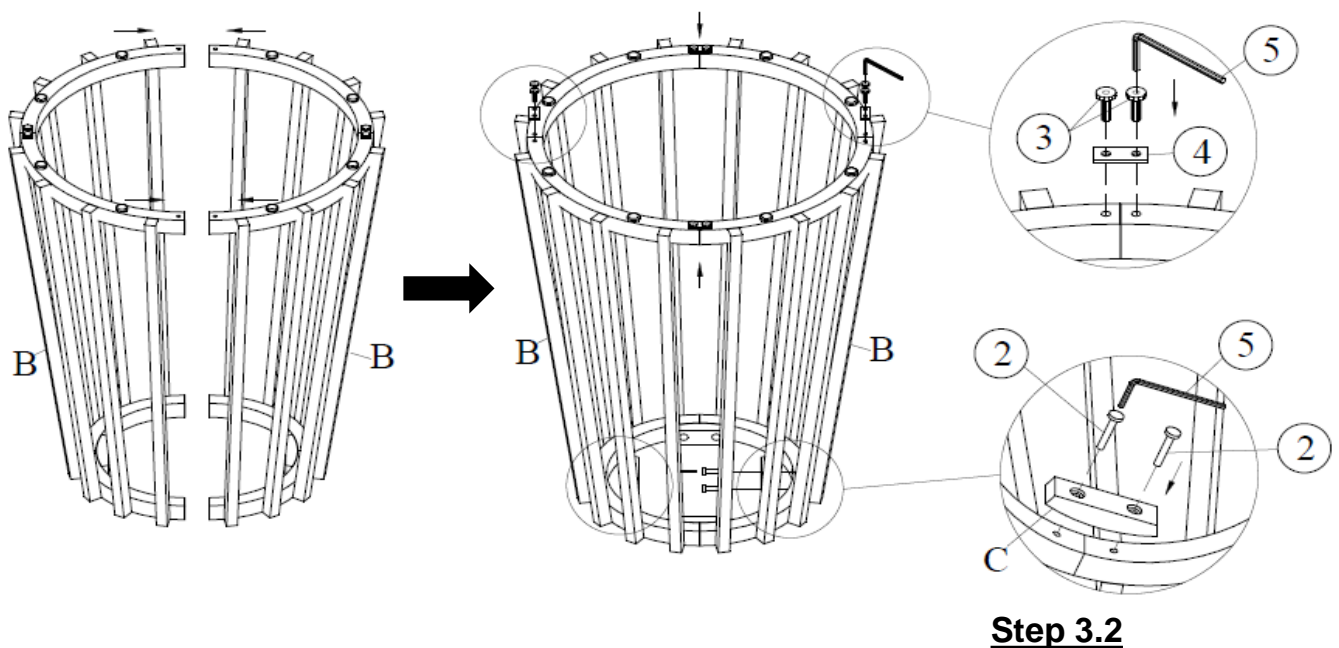

Step 2.1, Attach two Leg Panels (B) together by using Screw (③), Metal Bracket (④) and Allen Wrench (⑤) in the bottom of the frame as shown in the picture above.

Step 2.2, Attach the Wooden Block (C) to the top of the assembled part in Step 2.1 and then secure by using Screw (⑤) and Allen Wrench (⑤) as shown in the picture above.

Repeat the same process with remaining two Leg Panels (B).

Do not fully tighten the Screws.

Step 3:

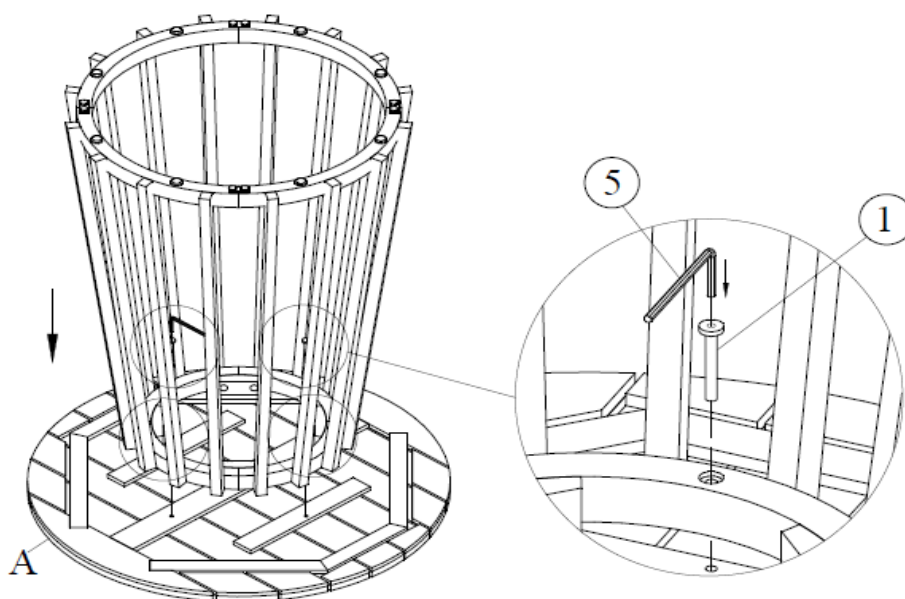

Attach two assembled Leg frames in Step 2 together as shown above. Then:

Step 3.1, Secure the above frames by using Screw (③), Metal Bracket (④) and Allen Wrench (⑤) in the bottom of the frame as shown above.

Step 3.2, Attach the Wooden Block (C) to the top of the assembled part in Step 3.1 and then secure by using Screw (②) and Allen Wrench (⑤) as shown above.

Do not fully tighten the Screws.

Step 4:

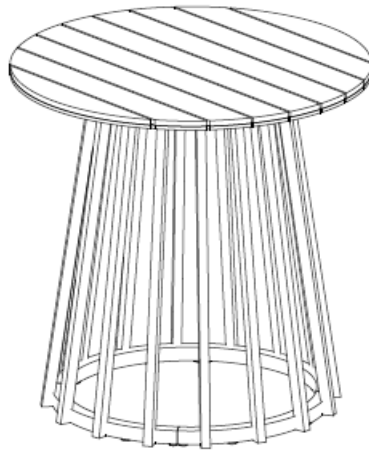

Place the Table Top (A) facing down on a clean, non-marring surface.

Then with the help from your adult partner, attach the assembled part in Step 3 into the Table Top (A) by using Screw (①) with Allen Wrench (⑤) as shown above.

Do not fully tighten the Screws.

Step 4:

With the help of your adult partner, stand the Table up.

Exert pressure floorwards, onto the Table with both your hands.

This pressure will help the Legs and Table Top reach full alignment status.

Check for wobbles on a LEVEL surface.

If no wobbles are found proceed to tighten the Screws in a sequential manner, until evenly secured.

When tightening the Screws tighten sequentially.

Do not tighten any Screw fully and then move on towards the next one.

If there are still wobbles, loosen the Screws and excute the same above process.

Your Table is ready for use.

This Table can only be used on a flat, level surface.
