Assembly Instruction

Note: The above diagram illustrates the installation of your new luminary. This is a representative drawing and is not intended to match the style of your luminary.

1. Carefully layout all parts in a line on a smooth surface.
2. Begin the assembly of the lamp at the base and proceed upward to the shade.
3. Screw the lower stem onto the base clockwise until secure.
4. Assemble the next section of middle stem by screw onto top of lower stem until secure.
5. Turn the upper stem counter clockwise several times in order to avoid damage to the center cord and then screw the upper stem onto the middle stem.
6. Screw the threaded pipe onto the top of lampholder base.
7. Attach the shade to the threaded pipe then secure with finial. (DO NOT OVER TIGHTEN).
8. Install bulbA E26*2*60W max (not included) or E26*CFL bulbA*2*13W(not included).

Caution: Refer to the wattage caution label located near the lamp holder for recommended maximum wattage, do not exceed recommended wattage.

9. Insert plug into wall receptacle

Warning: Do not attempt to replace the bulb while the lamp is plugged into a wall receptacle.

Important Safety Instructions

This polarized plug (one blade is wider than the other) is a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit it, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

Note: This stained glass product has been protected with mineral oil as part of the finishing process. Please use a soft dry cloth to remove any excess oil.

Made in China

WARNING: This product can expose you to chemicals including Lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.
