Tips:

If you feel that the bed is a little wobbly then please use the parts "U" and "T" for reinforcement

The ladder is on the right.

Simply switch the #18、#19; #20、#21 position so that the ladder is on either the left or right side As amazing as this may seem, it's true.

The ladder is on the left.

It can also be turned into three completely separate beds

Please make sure all bolts are fastened before use, thank you.
