

- Always use proper tools.
- Follow the assembly plans in order. Do not skip any steps.
- Be sure to check 110-volt materials carefully for small parts that may have come inside the carton during shipping. If ports are missing, contact the retailer from which you purchased the product.
- Do not use the product if you are unable to connect the power cord to the device. Periodically check to ensure that all connectors (bolts, screws, etc.) are tight.
- Keep the instructions for 110-volt reference.
- Do not use the product if you have any cuts or mirrors. Be very careful handling the glass or mirrors, as severe injury may result if the glass or mirror breaks. Never handle large pieces of glass or mirrors by yourself.
- Do not use the product if you have any electrical problems (cords, lamps, lights, motors, power strips etc.). Always (1) make sure the electrical cord is unplugged before assembling, (2) be careful not to touch the electrical cord during and after assembly, and (3) DO NOT USE ANY EXTENSION CORD WITH THIS PRODUCT.
- Note: During charging, the device and the charger could heat up. This is normal. If the device or the charger becomes too hot to touch, stop using the device and the charger.
- **WORKING:** Remove all metal objects like coins and keys from the charging surface and from the device. Do not touch the device or the charging surface. Some mobile devices or cases may attract metal objects.
- Do not use the product if you experience adverse effects or if you are pregnant. Do not stand on lower shelves or on the device assembly platform. Always use a step ladder.
- Do not sit or stand on tables, including but not limited to, end tables, coffee tables, dining tables, etc. Do not use the product if you are pregnant or designed to support the weight of a person.
- Do not use the product if you are unable to assemble multiple two or more people, or if you attempt to do so despite as there is a risk of injury.
