ASSEMBLY INSTRUCTIONS

step1

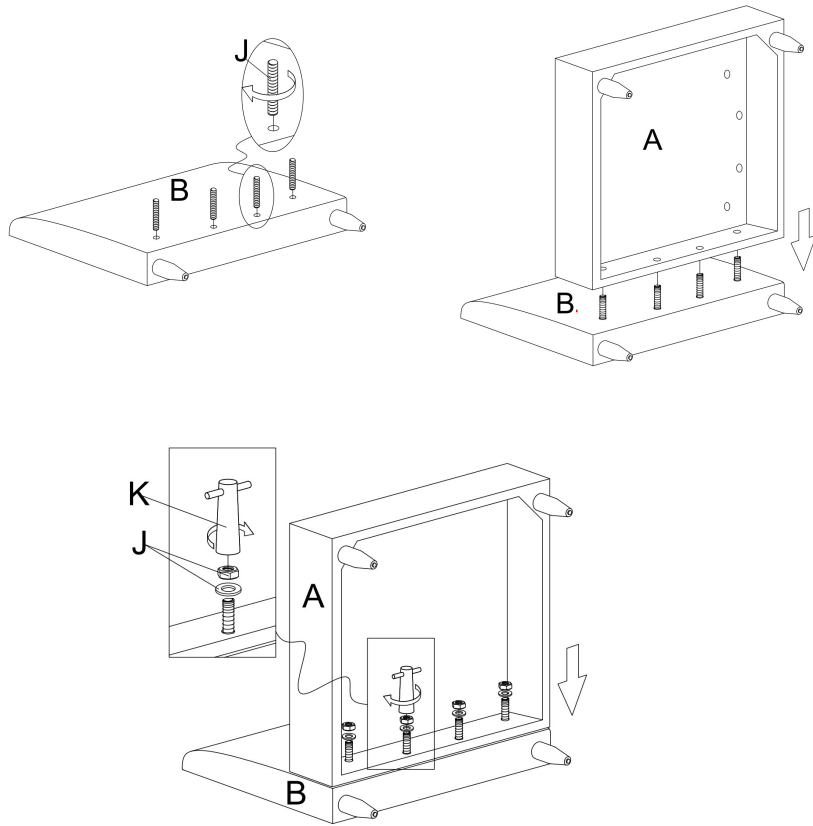

Take out the cushions(D & F)from air compression bag and wait for it to recover, it takes up to 24 hours to be fully recovered, you may gently slap on it to speed up the process.

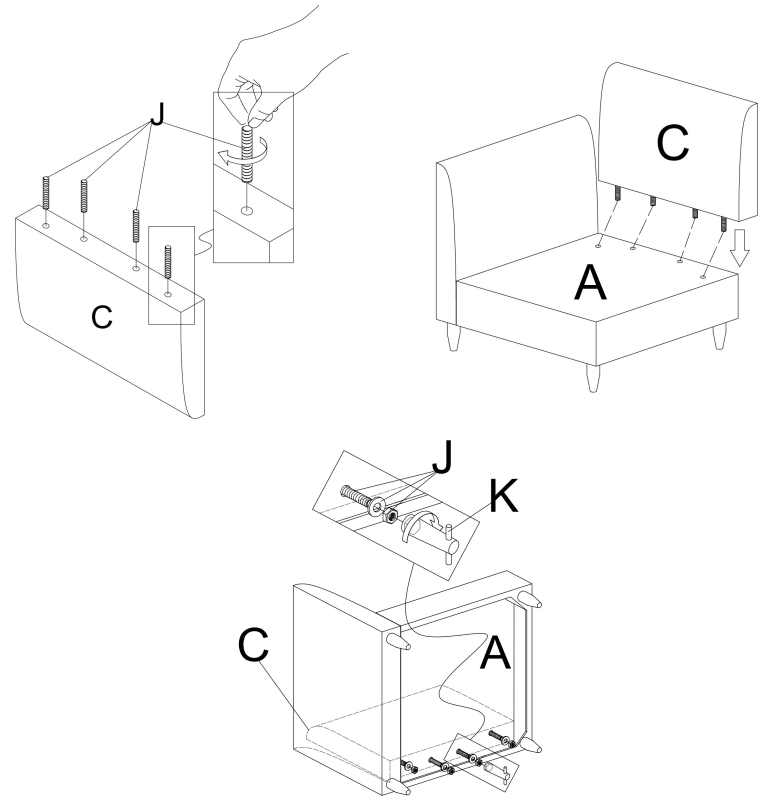

Place the sofa frame (A) upside down on a clean surface , align the wooden legs(H) to the holes on each corners as shown, and twist in clockwise, make sure they are all fully tightened before next step.

step2

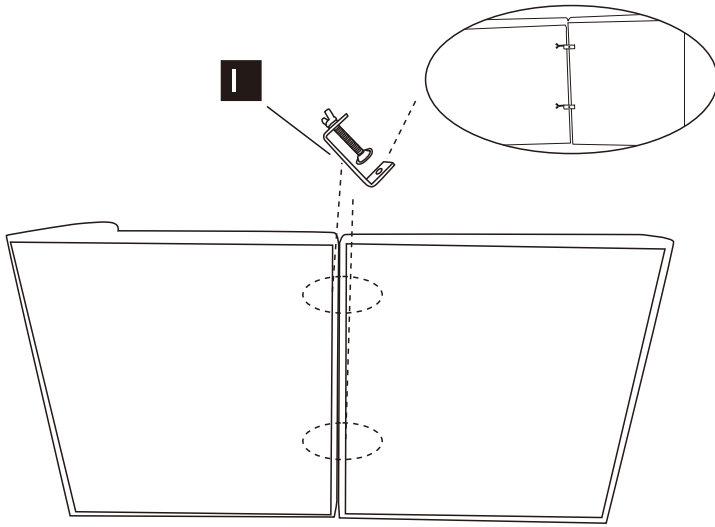

Using hand to twist four bolts(J) into the holes on back frame as shown, make sure all bolts are twisted in. Then align the holes on seat frame(A) with the bolts on the back frame(B) as shown. Use the hexagon socket wrench(K) provided to tighten them with the bolt nuts, make sure all the nuts are fully tightened on the bolts.

step3

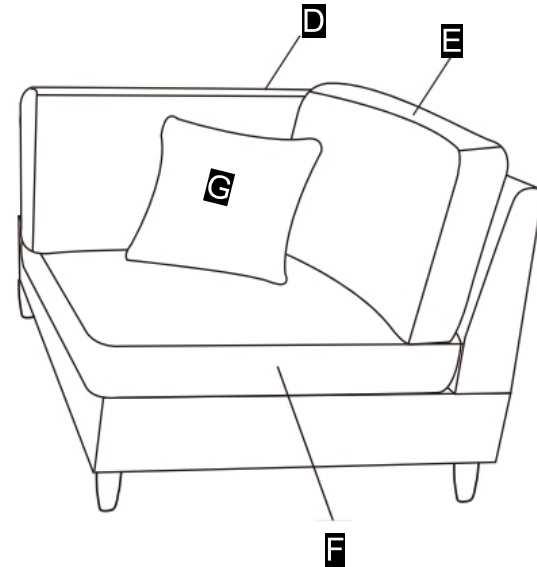

Using you hand to twist the bolts (J) into the holes on the armrest (C) as shown, then insert the bolts into the seat frame (A) as shown. Make suer all the bolts are correctly aligned, then use the hexagon socket wrench (K) provided to tighten the bolts and bolt nuts (J) from the bottom of the seat frame, make sure they are fully tightened before next step.

step4

There is a metal connector for armless sofa and corner sofa, you may use it when you need to connect both sofa together. Place the sofas on their sides as shown, and place the connectors on the frames of both sofas and tighten the connectors. There is a sponge part outside the frame of the sofa, so please twist as tight as you could when you use the connectors.

step5

Clean up the excessive threads on sofa. Take off the Velcro tape cover on the bottom of the cushion, and align the edge with the sofa before placing it on. Then place the armrest cushion and back cushion onto the sofa.
