Assembly Steps

This table has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the table parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

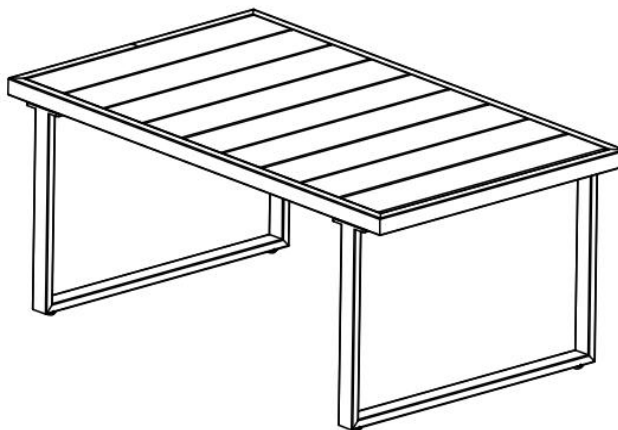

11.1) Place the Table Top(L) upside down on the ground.

11.2) Use Bolt+Washer (M6*20MM)(④) and Allen wrench to connect the Table Legs(M) to the Table Top(L) as shown in the above picture.

Do not fully tighten the Bolts.

Step 2

Place the Coffee Table on a **LEVEL SURFACE**.

Inspect it and make sure all parts are adequately connected.

Gently and carefully sit onto the Coffee Table.

This will help to align all parts at all joints.

Then get off the Coffee Table, and in a sequential manner, proceed to tighten all Bolts.

When tightening the Bolts, tighten sequentially.

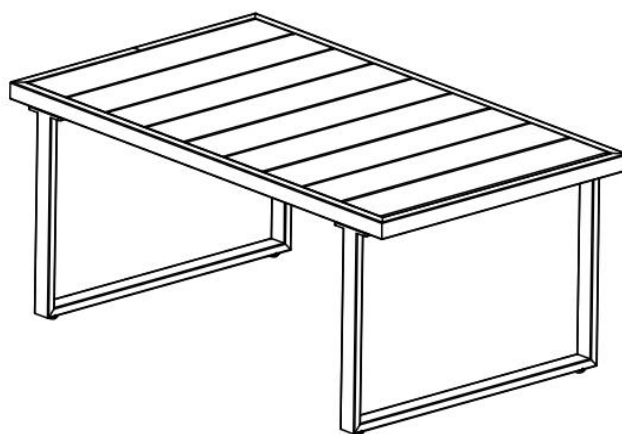

DO NOT tighten any Bolt fully and then move on to the next one.

This may cause the frame to warp.

If there are any wobbles after tightening, loosen the Bolts and execute this same process.

Note: This step is done best with the assistance of a second adult.

Step 3

Your table is ready for use.
This table can only be used on a flat and level surface.
