Tips:
 If you feel that the bed is a little wobbly then please use the parts "U" and "T" for reinforcement

Simply switch the #18、#19;
 #17、#26 position so that the
 ladder is on either the left or
 right side As amazing as this
 may seem, it's true.

The ladder is on the right.

The ladder is on the left.

It can also be turned into three completely separate beds

*Please make sure all bolts are fastened before use
thank you.*
