### STEP 1

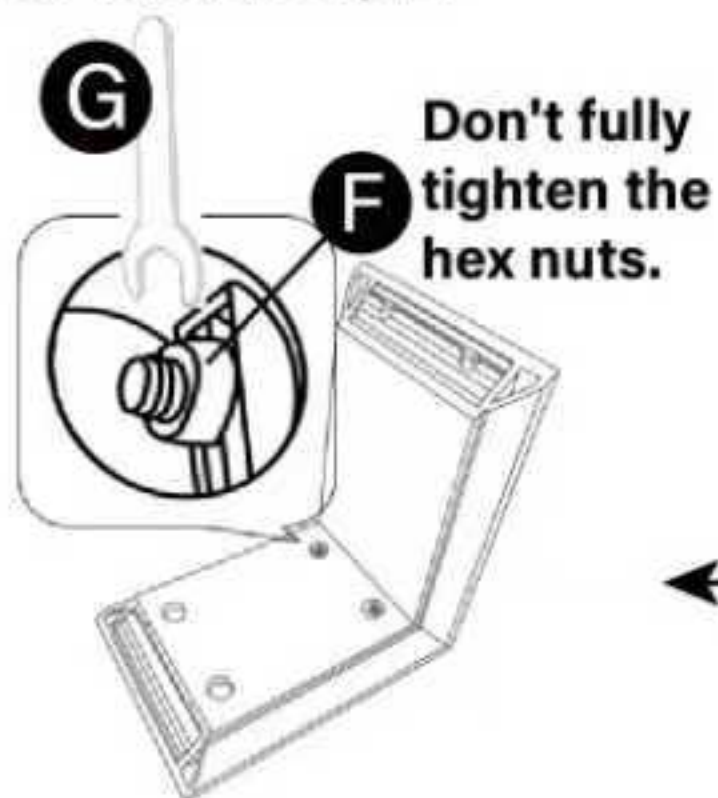

Thread the thread rods D into the thread insert nuts on the side panels B. Insert the wood dowels K into the holes in the panels B as shown.

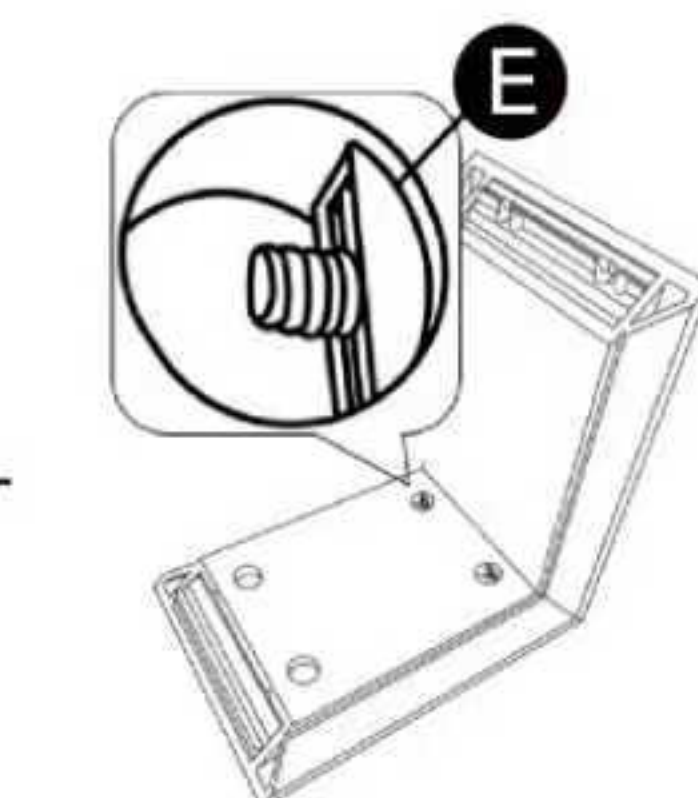

### STEP 2

Insert the thread rods D and dowels K into the pre-drilled holes on table top A.

Thread hex nuts F onto the thread rods D and use open end wrench G to tighten the nuts.

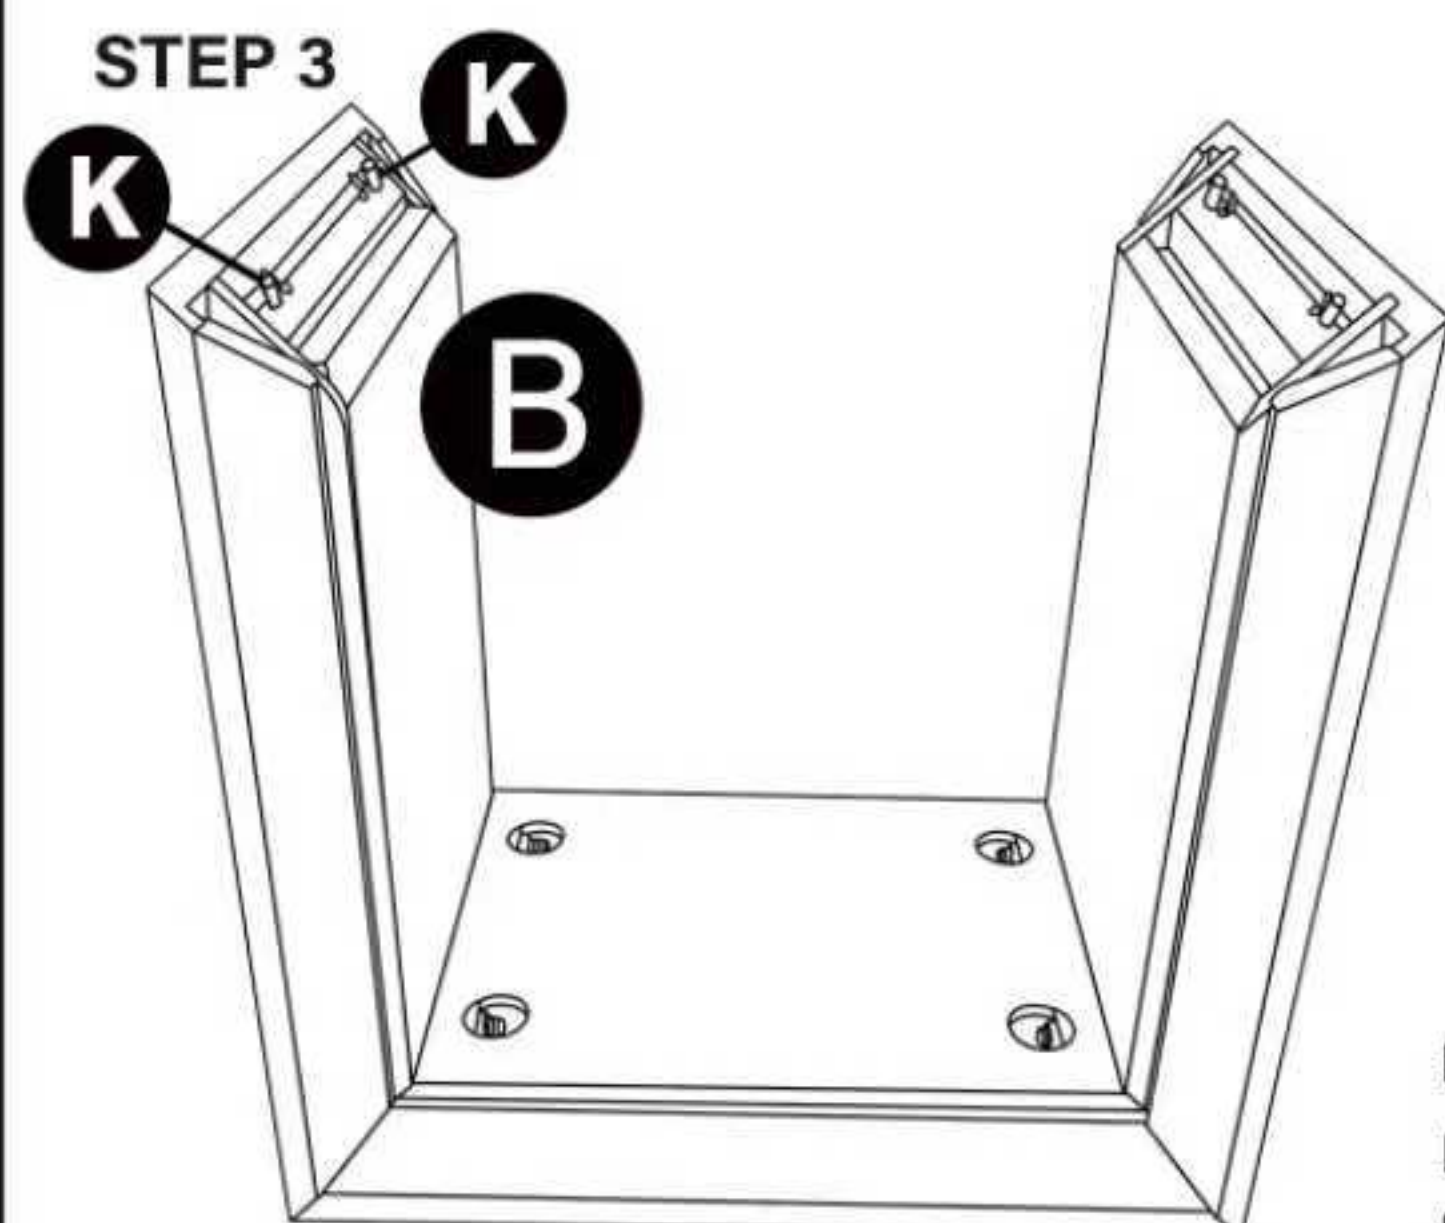

Slide half-moon nuts E onto the thread rods D.

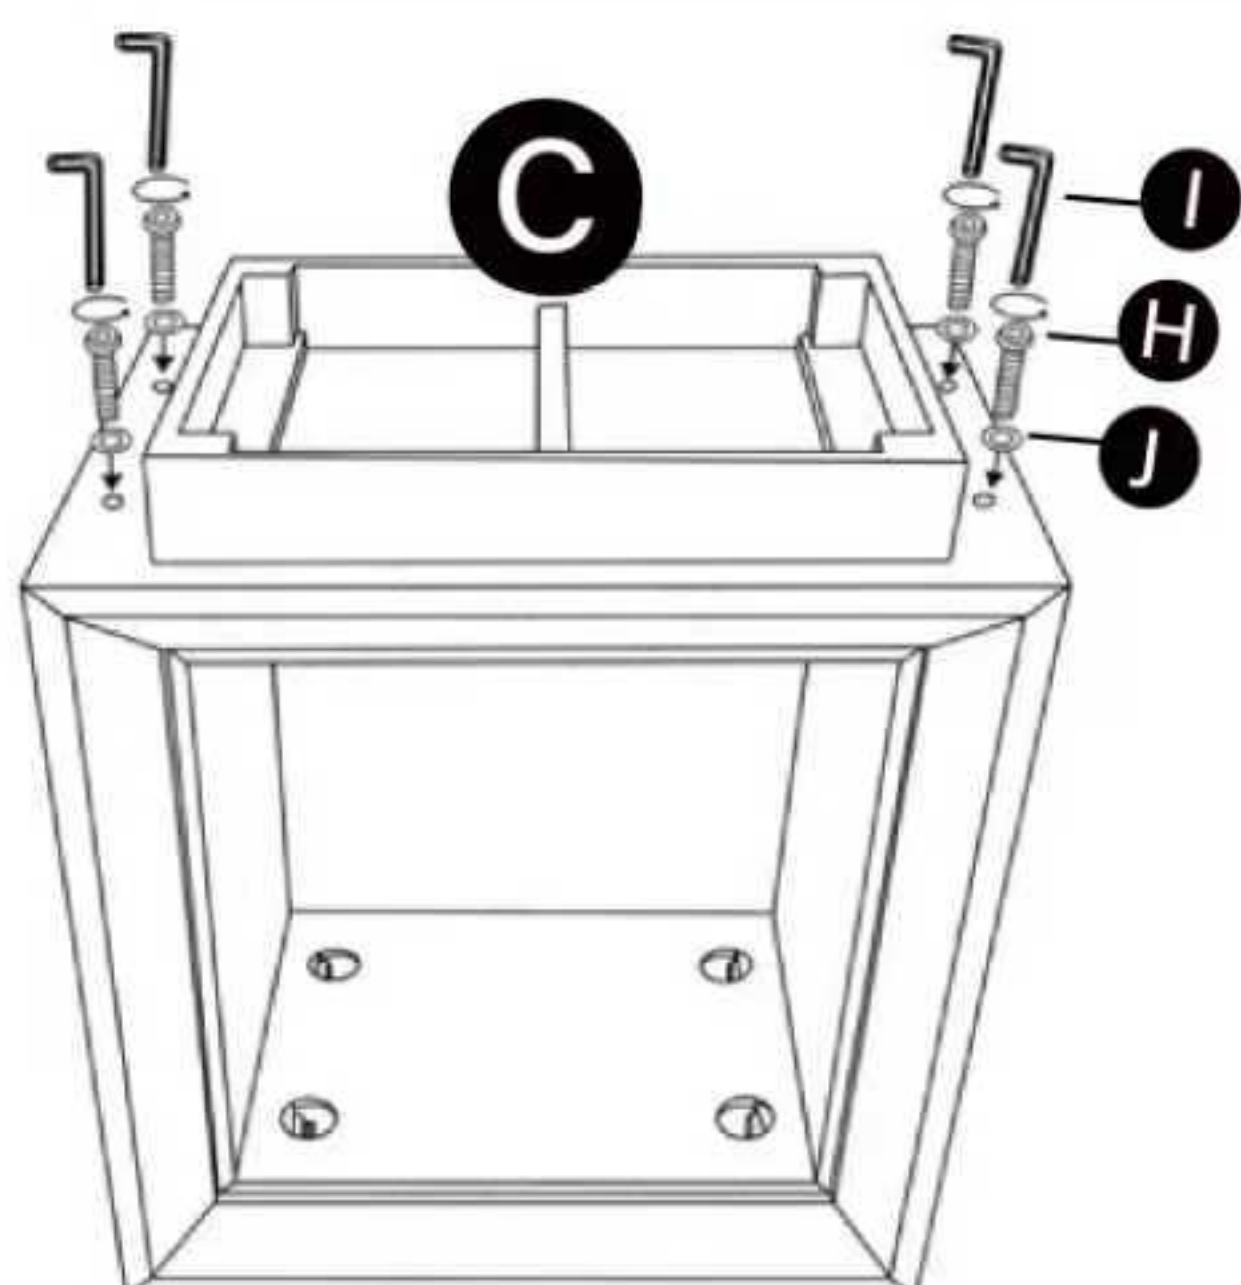

### WARNING

- Do not dispose of any packaging or contents of the shipping carton until assembly is completed to avoid accidentally discarding small parts or hardware.
- Choking Hazard – Adult assembly required. It may contain small parts and sharp points.
- Do NOT use power tools.
- This product can hold a maximum load of 25 Lbs. Do NOT overload.

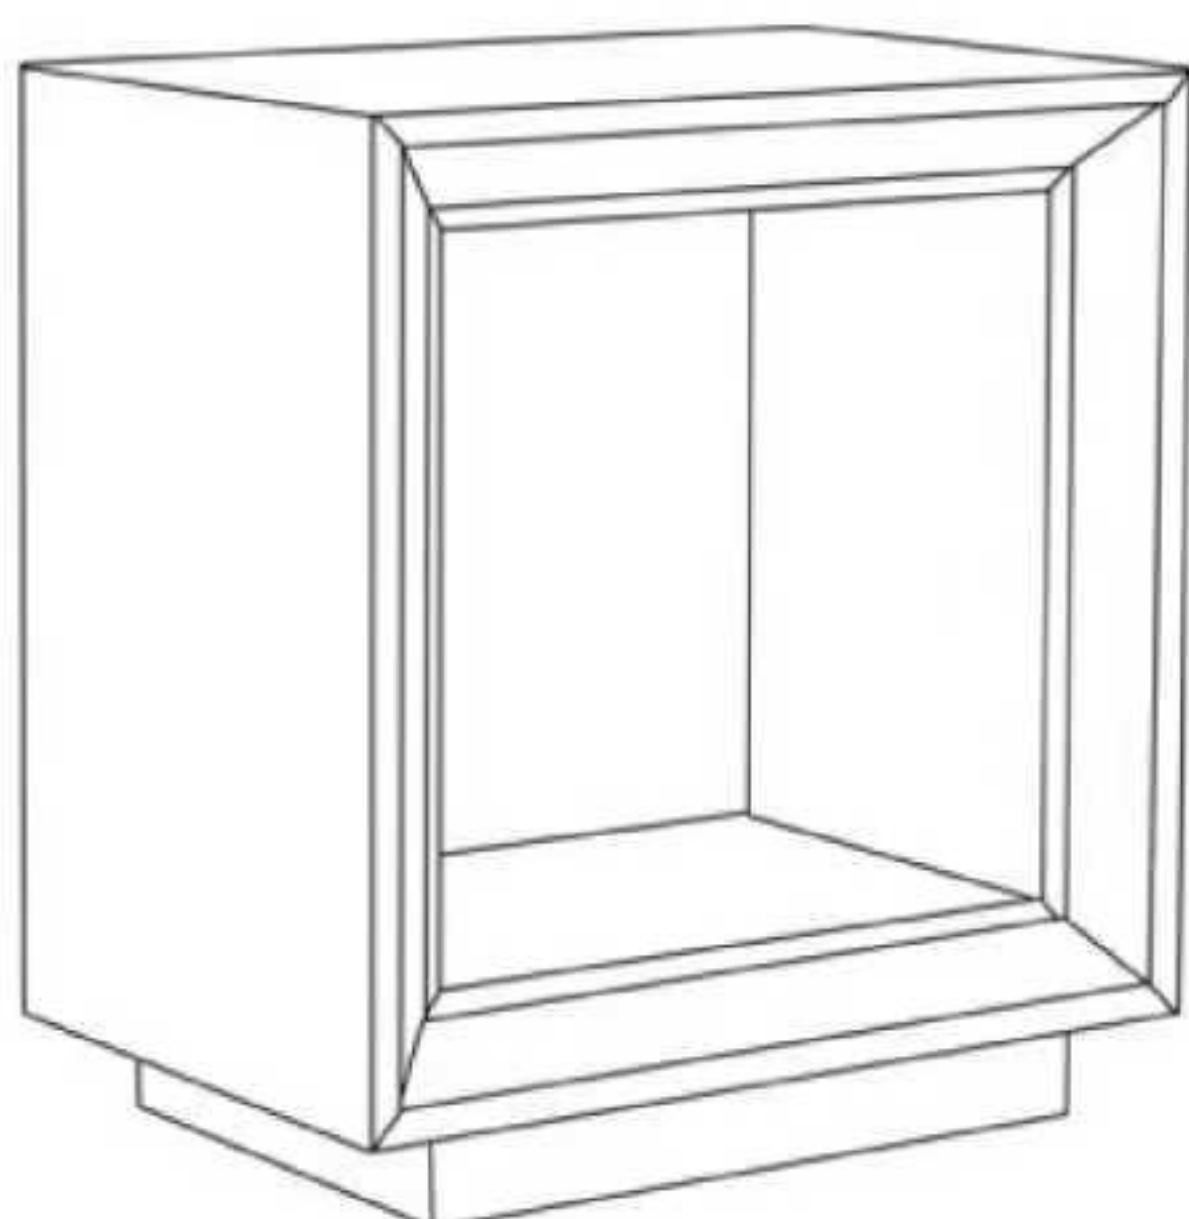

Repeat the installation process for the other side panel B. Insert the wood dowels K into the holes on the side panels B as shown.

Attach table base C to side panels B with screws and flat washers as shown.

Assembly completed. Please make sure all the screws and hex nuts are fully tightened before using this table.
