2

3

Put the plates from step 1 and 2 together to get a shelf.

4

Repeat steps 1, 2, and 3
to get four racks.

5

6

Align the large holes in the turntable with the large holes in the ④ board, then screw the small screws into the small holes to lock them in place

7

Reverse the ④ bottom board, Align the ③ ④ two boards

Rotate the turntable and find the small holes at the large
holes to screw in the screws
