SAFETY WARNING AND GENERAL NOTES

- Follow the information on the warnings on the bunk bed end structure and on the carton. Do not remove the warning label from the bed.
- Always use the recommended size mattress on the mattress support, or both, to help prevent the likelihood of entrapment or falls.
- Do not allow children under 13 years old to use the upper bunk.
- Periodically check and ensure the guardrail, ladder and other components are in their proper position, free from damage, and all connectors are tight.
- Do not allow horseplay on or under bed.
- Always prohibit jumping on the bed.
- Prohibit more than one person on upper bed.
- Always use the ladder for entering and leaving the upper bed.
- Do not use substitute parts. Contact the manufacturer or dealer for replacement parts.
- Use of a night-light may provide added safety precaution for a child using the upper bunk.
- Always use guardrails on both long sides of the upper bunk.
- If the bunk bed will be placed next to a wall, the guardrail that runs the full length of the bed should be placed against the wall to prevent entrapment between the bed and the wall.

- **STRANGULATION HAZARD** - Never attach or hang items to any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hook, belts and jump ropes.

- Be certain all staples are out of the box before beginning assembly on the shipping carton.
