Assembly Steps

Overview

This Chair has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Unpack and place all the Parts and Hardware on a clean, non-marring surface.

Step 2

Slotte the latch into place.

Step 3

Attach the two Front Legs(B+C) into the mounting positions of the Seat(A) using Bolts(②), Spring Washers(③) and Washers(④) with the Allen Wrench(⑤).

Do not fully tighten the Bolts.

Step 4

Attach the two Back Legs(D+E) into the mounting positions of the Seat(A) using Bolts(①), Spring Washers(③) and Washers(④) with the Allen Wrench(⑤). Do not fully tighten the Bolts.

Step 5

5.1) Turn the Chair right side up. Check for stability and then tighten all the remaining bolts. DO NOT fully tighten a bolt in one go and then move on to the next. Rather, in a sequential manner, gradually tighten each bolt until all bolts are evenly secured. This methodology will ensure maximum evenness once all bolts are fully tightened.

5.2) Put the Pillow(F) on the Seat(A).

Your Chair is ready for use.

This Chair can only be used on a flat, level surface.
