step 1

Cut open the compression bag along the paper strip on the roll bag. Remove the seat cushion (E) and back cushion (F) and let them rest to recover their shape. Full recovery may take up to 48 hours, but you can gently slap the cushions to speed up the process.

Please be careful, do not cut yourself or product.

Both seat and backrest cushions have spare zipper sliders pre-attached at the zipper ends. If the current slider fails, simply replace it with the spare to restore full functionality.
