### Warnings

For children's safety, please read these carefully. Assembly and adjustment must be done by adults, keep children away. Keep children under 36 months away from small parts. A safety belt is a must when children are playing. Do not be close to fire. An adult must teach how to play with it and never leave children alone while playing. Do not stand up or play when children are stepping on the foot pedal. The battery must be charged by adults only. Please charge it first before use. Keep children away from plastic bag, or suffocation may occur. Only use spare parts provided by manufacturer. The charger is not a toy for playing. The maximum loading capacity is 30KG. Do not overload. Suitable age: 37-95 months.

### Safety use

Do not play in the street, road, slope or ditch. Do not change the line or add electric device to the car. Play the car in the dry area, not wet. Keep away from fire, or may damage the line. One rider at a time only. Do not overload. Maximum capacity is 30KG. Turn power off if no use. If long time no use, unplug battery line. Check battery, charger and other spare parts regularly. If any problem, please fix it before playing.

### Charging notification

For the first use, please charge 8-12 hours, or will damage the battery. Plug charger DC line into charge hole first, then plug charger into socket. The car cannot be used while it charging. Every time it is charging, do not charge more than 20 hours. It is normal that charger and battery warm (under 60°) during charging. Do not charge if plug is wet, or will occur short-circuited. Only use charger provided by manufacturer, or will damage charger and battery or occur short-circuited. If long time no use, please charge 1 time per month at least.

### Charging steps are as follows:

Step 1: The charging hole is on the multi-functional board.  
Step 2: Put the charger plug into the plug hole.  
Step 3: Connect the charger to the power socket.

**Warning: Car must be charged by adults only. Car is useless during charging**

### Maintenance and Service

Check battery, charger and other spare parts regularly. If any problem, please fix it before playing.

- Use lubricating oil to care iron parts. Keep car away from fire and sunshine. Park it on the even place, not reversal or gradient.
- Park it indoor and cover it with waterproof cloth.
- Keep car away from fire, like stove or heater, or plastic may melt.

Keep away from flammable things, or a fire accident may occur.

- Charge it after use and must be done by adults only. If long time no use, please charge it 1 time per month, in order to maintain battery.
- Clean the vehicle with a dry cloth only. Do not use chemical solvent to wipe plastic parts. Do not wash it with water or play it when raining or snowing. Water will damage motor, electric system or battery.
- Please turn power off after each use.
- Only use charger provided by manufacturer.
- Do not change car's structure or electric line. A check job request some skills or under specialist's guidance.
