2

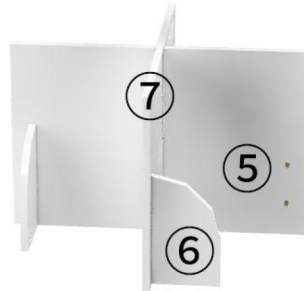

3

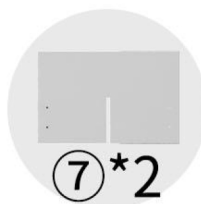

Put the plates from step 1 and 2 together to get a shelf.

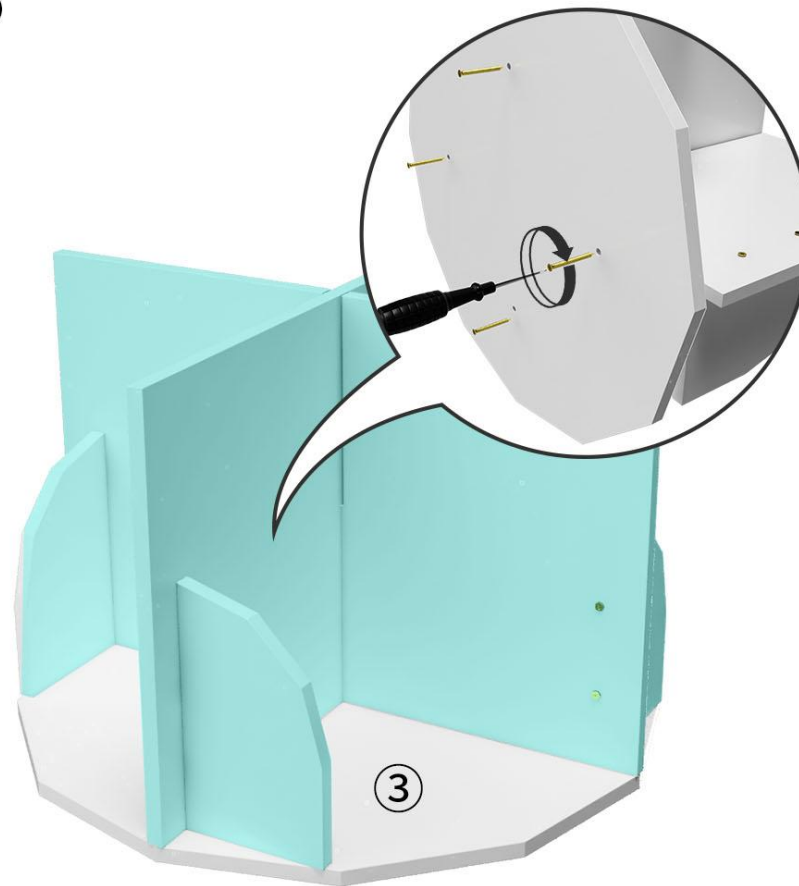

4

Repeat steps 1, 2, and 3 to
get three racks.

5

6

Align the large holes in the turntable with the large holes in the ④ board, then screw the small screws into the small holes to lock them in place

7

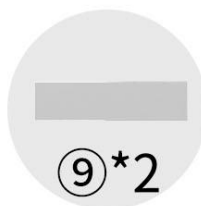

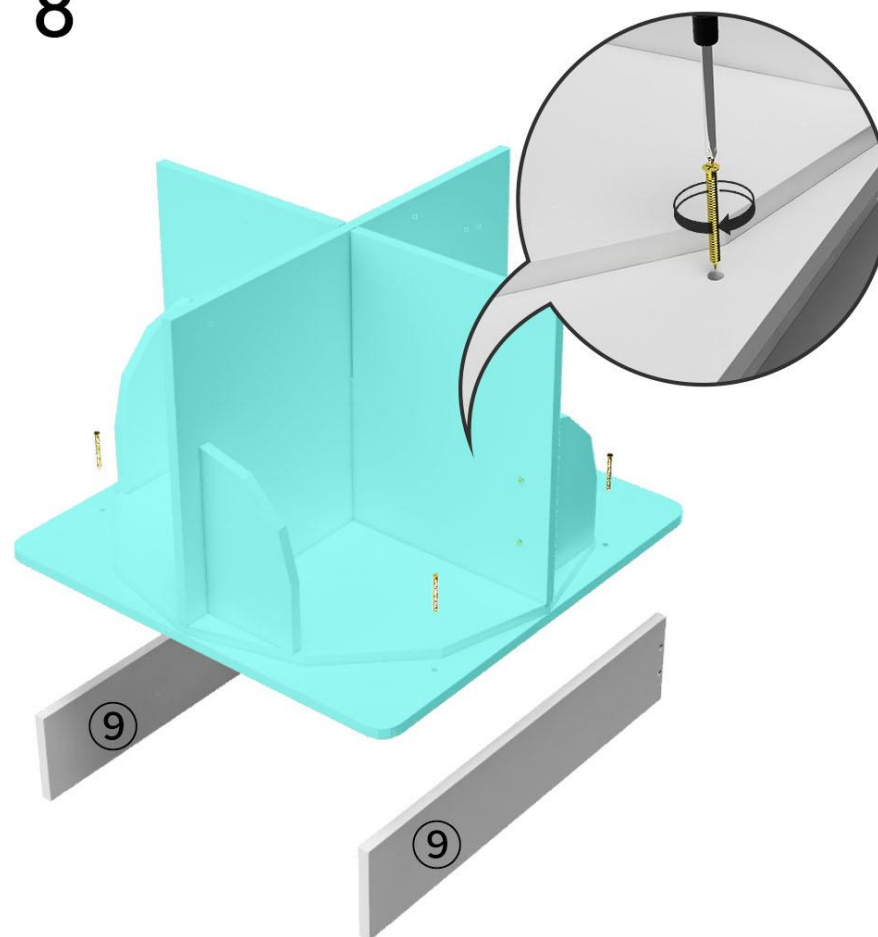

Reverse the ④ bottom board, Align the ③ ④ two boards

Rotate the turntable and find the small holes at the large
holes to screw in the screws
