This Ottoman has multiple parts and may require up to 10 minutes to assemble. To give you an overview of the Ottoman parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1:

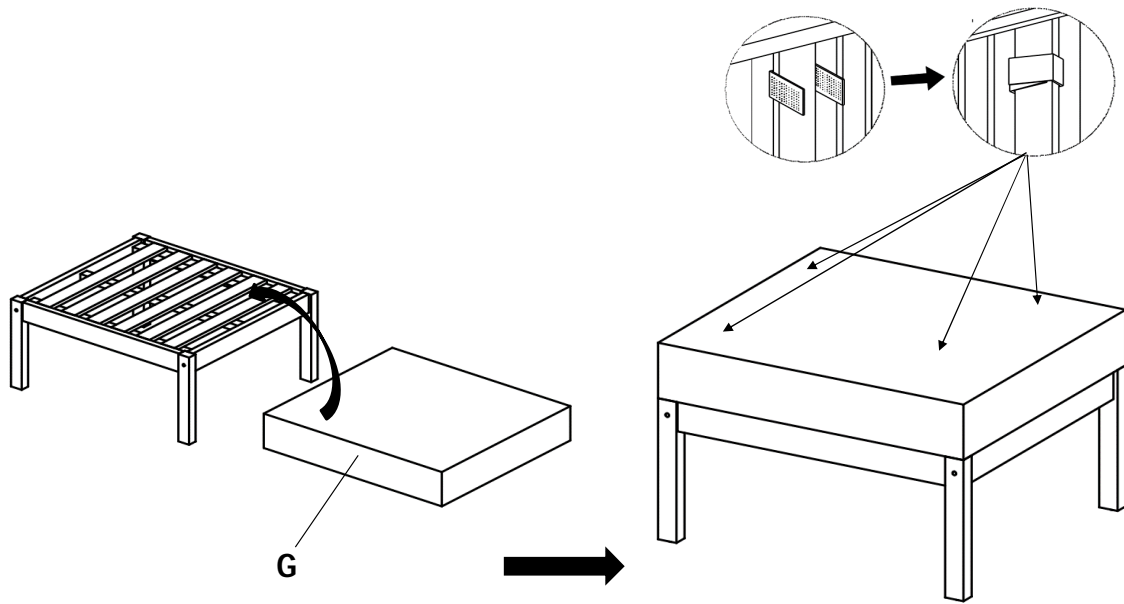

Unpack and place all parts on a clean, non-marring surface.

Step 2:

Attach the Leg Panel (F) to the Seat Panel (E) then secure by using Screws (④) with Allen Wrench (⑤) as shown in the picture above.
Do not fully tighten the Screws.

Step 3:

Inspect it and make sure all parts are adequately connected.

Turn the Ottoman right side up.

Gently and gracefully, sit onto the Ottoman.

This will help to align all the parts at all joint areas.

Then get off the Ottoman and in a sequential manner, gradually tighten all Screws at all joints until evenly connected.

If there are still wobbles, loosen the Screws and execute this same process.

Place the Cushion (G) by affix the Magic Tape Straps on the Seat Panel (E) as shown above.

WARNING!! IF OTTOMAN IS NOT STABLE, IT COULD LEAD TO DAMAGING THE PRODUCT.

Your Ottoman is ready for use.

This Ottoman can only be used on a flat, level surface.
