1

Place one of the marble legs (B) upright on an even and soft surface. Align the screw holes on the leg (B) to the screw holes in the assembly iron plate (HW5). Use the Allen Key (HW3) to screw in the CSK head bolts (HW1) in the center screw holes. Repeat for the other 2 legs (B).

2

Place the marble top (A) upside down on a soft surface. Align the screw holes on the assembled legs to the screw holes in the marble top (A). Align the screw holes on the assembly iron plate (HW6) on top of the screw holes on the assembled legs as shown. Place the Flat washers (HW4) on the JCB Bolts (HW2). Use the Allen Key (HW3) to screw in the JCB Bolts (HW2) with the Washers (HW4). Firmly tighten the bolts.

3

Use the Spanner (HW7) to adjust the levelers on the bottom of the legs to make the table level. Place the dining table in the position you will use it. We'd love to see it – just tag us (we're @safavieh) and use the hashtag #safavieh on Instagram!
