

Assembly Instructions

Caution : You must read this before you proceed

Care & Maintenance

- ∅ 
 - Not for commercial use. For residential use only.
- ✓ 
 - Furniture may scratch floors. We recommend using furniture pads to protect your floors.
- ∅ 
 - Do not put hot items directly on furniture surface.
- ∅ 
 - Do not clean furniture with harsh cleansers or polish.
- ∅ 
 - Do not place furniture under direct sunlight.
- ∅ 
 - Do not place furniture near heating or cooling vents.
- ∅ 
 - Do not write on furniture without a padded barrier to protect the surface.
- ∅ 
 - Do not place furniture outside . For indoor use only.
- ∅ 
 - Stains may be removed with mild soap solution and damp cloth.
- ∅ 
 - Children should not climb or jump on the furniture.
- ✓ 
 - Dust and pick-up spills using a clean, non-colored, lint-free cloth.

Please look in Leg for hardware pack.

Table

Parts List

Label	Picture	Description	QTY
A	A line drawing of a circular table top, showing its thickness and texture.	Table Top	1
B	A line drawing of a single table leg, showing its four legs and a horizontal cross-brace.	Table Leg	1
C	A line drawing of a single table leg, similar to B but with a larger, rectangular base plate.	Table Leg	1

Hardware

Label	Picture	Description	QTY
①	A stack of 13 bolts.	Bolt (6*35mm)	13
②	A single spring washer.	Spring Washer (M6)	13
③	A single flat washer.	Flat Washer (M6)	13
④	A single Allen wrench.	Allen Wrench	1

Assembly Preparation

Before Beginning Assembly:		X13 X13 X13 X1
----------------------------	--	-------------------------

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

Assembly Steps

Overview

This Table has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Table parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly

Step 1

Unpack and place all parts on a clean, non-marring surface.

Step 2

Insert the mounting positions on the Table Leg (B) to the mountings on the Table Leg(C).

Step 3

Align the mounting positions on the Table Leg (B) and Table Leg (C) to the mountings on the Table Top (A).

Attach Bolt(①) to Spring Washer(②) and Flat Washer(③) with Spring with Allen Wrench(④).

Note: DO NOT fully tighten the Bolts at this time.

Step 4

Turn the Table right side up.

Place the Table on a LEVEL SURFACE.

Inspect it and make sure all parts are adequately connected.

Press on the Table with both hands and apply pressure towards the floor.

This would help the Table reach full alignment at all joints.

Check for wobbles.

In a sequential manner, proceed to tighten all bolts.

CAUTION 1: When tightening these bolts, tighten sequentially.

DO NOT tighten any bolt fully and then towards the next one.

This would cause the frame to warp.

If there is still wobbles, loosen the bolts and execute this same process.

Ensure all bolts are fully locked into position.

Your Table is ready for use.

Caution 2: This Table can only be used on a flat, level surface.

Questions & Answers about Proposition 65

- **What is Proposition 65?**

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

- **What types of chemicals are on the Proposition 65 list?**

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

- **What does a warning mean?**

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

- **Where can I get more information on Proposition 65?**

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
