Detailed Installation steps:

1. Fix the bottom ring to the buckle at the bottom of the lampshade.
2. Fasten the top ring to the buckle on the upper part of the lampshade.
3. Glue the sticky strip of the lampshade seal, and be careful to align the sealing part evenly.
4. Fix the light bulb holder on the lamp stand, press down with a little force and tighten the screw interface.
5. Hold tight the lower part of the harp, and mount the harp's flexible arms inside the saddle.
6. Fixed the light bulb on the bulb base and tighten it.
7. Unscrew the finial from the harp, then put on the assembled lampshade, and tighten the final to secure the lampshade.
8. Adjust the regulating valve on the fixed knob of the final, which can rotate 15 degrees angles back and forth around the harp to make the lampshade look more horizontal and beautiful.

Use Tips:

1. The table lamp is made of metal, glass and fabric. The lampshade needs to be assembled manually. Please be careful not to use too much force when assembling and installing the lamp.
2. This table lamp has a polarized plug(one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If it does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use an extension cord unless the plug can be fully inserted. Do not alter the plug.
3. When you don't use the lamp, please switch off the power or try not to touch the lamp base when it is plugged in to save power energy to extend the lifetime.
4. The switch of the table lamp is a rotary switch on the bulb base to control the On/Off and the different color temperatures of the bulbs.
5. This table lamp features an E26 bulb socket base. The package comes with 2pcs 3-color temperature LED bulbs. If you replace other ordinary bulbs, then there will be no 3-color temperature changes, can only be turned on and off, and only using the 3-color temperature bulbs can you adjust the different color temperatures of the bulbs.

Notice:

After opening the top of the package box, take out all the accessories that you can see, and then open the bottom of the box. You can even take apart the foam to find accessories. If the accessories are missing or there are any problems with the installation, please contact us as soon as possible. We will try our best to help you to solve it. Please believe us.

Important Instructions:

To reduce the risk of fire, electric shock, exposure to excessive UV, radiation, or injury to a person. When using electrical appliances, basic safety precautions should always be followed.

1. Before installing, cleaning lamps, and replacing light bulbs, please cut off the power supply.
2. Do not look directly at the lighted bulb. Otherwise, it will be a bit dazzling in a short time.
3. Keep the lamp away from material that may burn.
4. Do not touch the bulb while it is lit or immediately after turning off the lamp.
5. Do not use outdoors, suggest indoor use only. It is non-waterproof.
6. Do not plug or unplug the power cord with wet hands.
7. Do not use this product in humid environments or at high temperatures.
8. Do not use it to exceed the voltage, the proper voltage for the US is AC110-120V,60Hz.
9. If you want to replace the light bulb, please note that the maximum accepted wattage is 60W.
10. Please stop using it if there are serious defective issues found in the product.
