

# Storage Cabinet

Assembly Instructions - Please keep for future reference

**SKU: N762P375883**

**Important – Please read these instructions fully before starting assembly**

# Safety and Care Advice

**Important – Please read these instructions fully before starting assembly**

- Check you have all the components and tools listed on the following pages.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to layout the parts before starting.

- During assembly do not stand or put weight on the product, this could cause damage.
- Assemble the item as close to its final position (in the same room) as possible.
- Assemble on a soft level surface to avoid damaging the unit or your floor.
- Parts of the assembly will be easier with 2 people.

- To reduce the likelihood of damaging your product please ensure that your power drill is set on a low torque setting.

## Care and maintenance

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.
- From time to time check that there are no loose screws on this unit.
- This product should not be discarded with household waste. Take to your local authority waste disposal centre.

## Handy Hints

- Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tighten the bolts
- Regularly check and ensure That all bolts and fittings are tightend properly.

**WARNING**  
**In order to help prevent overturning –**  
**please follow these instructions**

To help prevent product toppling over please follow the below steps:-

Use the anti tip stap or wall fixing method provided (if applicable)  
Do not allow children to climb or hang on the furniture  
Do not open more than one drawer at a time  
Do not place heavy items in the top drawers  
Do not place heavy items on top of the furniture, unless the furniture has been designed for this purpose

# Using Camlocks

## Step 1

Connect the male camlock as directed in the assembly instructions using a screwdriver.

1

DO NOT OVER TIGHTEN.  
NE PAS SERRER EXCESSIVEMENT.

## Step 2

Push the male camlock into the entry hole.

2

## Step 3

Insert the female camlock as shown in the instruction.

Note: ensure that the arrow on the top of the camlock points towards the entry hole for the male camlock.

3

## Step 4

Turn the female camlock clockwise with a screwdriver.

You should feel a click when the camlock is locked in place.

The joint is now secure.

4

## WARNING:Risk of Shatter Associated with Glass Furniture↵

Please note that in rare instances;glass furniture that is damaged by chips or scratches may break.seemingly of its own accord.Damage to the glass(not always visible)can get worse overtime until it reaches a critical point when it may shatter:In the event of damage,this product is designed to shatter into lots of small granular pieces rather than large shards.This is a safety feature to reduce the risk of injury.

To reduce the risk of damage,we recommend the following.

- During assembly do not lay the glass directly onto hard or rough surfaces.Lay the glass on a blanket or cardboard.
- When lifting or moving the product;ask for someone to lend a hand.Trying to move a product on your own can lead to accidents.
- Do not use the furniture if any parts are missing or broken.
- Do not place very hot or very cold items directly on the glass surface;we recommend using a trivet.Extreme temperature differences over small areas can cause damage;which could in turn lead to shattering.
- Do not sit or stand on the glass surface.
- Do not strike the glass with hard or pointed items;or use the glass as a chopping surface.↵
- Do not drag rough or heavy objects over the top of the glass.

**AVERTISSEMENT:** Risque d'éclatement associé aux meubles en verre

Veillez noter que dans de rares cas, les meubles en verre endommagés par des éclats ou des rayures peuvent se briser, apparemment de leur propre gré. Les dommages au verre (pas toujours visibles)

peuvent s'aggraver avec le temps jusqu'à ce qu'ils atteignent un point critique où ils peuvent se briser. En cas de dommages, ce produit est conçu pour se briser en lots de petits morceaux granuleux plutôt qu'en gros éclats, ce qui est un dispositif de sécurité pour réduire les risques de blessures.

Pour réduire le risque de dommages, nous recommandons ce qui suit:

- Lors du montage, ne posez pas le verre directement sur des surfaces dures ou rugueuses, posez le verre sur une couverture ou un carton.
- Lorsque vous soulevez ou déplacez le produit, demandez à quelqu'un de vous aider car essayer de déplacer un produit par vous-même peut entraîner des accidents.
- N'utilisez pas les meubles si des pièces sont manquantes ou cassées.
- Ne placez pas d'objets très chauds ou très froids directement sur la surface en verre, nous vous recommandons d'utiliser un dessous de plat.
- Ne vous asseyez pas et ne vous tenez pas debout sur la surface en verre.
- Ne heurtez pas le verre avec des objets durs ou pointus, et n'utilisez pas le verre comme surface de coupe.
- Ne faites pas glisser d'objets rugueux ou lourds sur le dessus de la vitre.

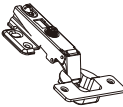

# Assembly Instruction

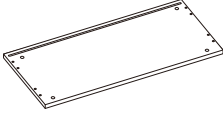

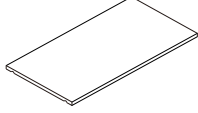

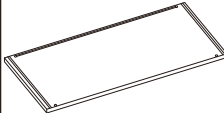

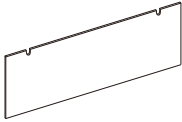

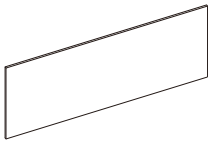

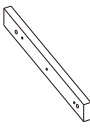

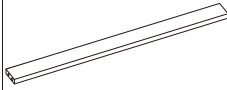

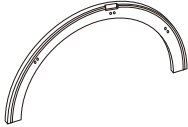

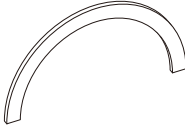

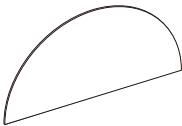

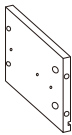

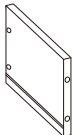

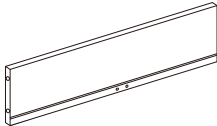

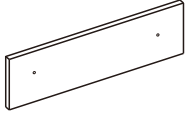

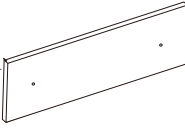

# Components - Fittings

Please check you have all the panels listed below

Note: The quantities below are the correct amount to complete the assembly. In some cases, more fittings may be supplied than required.

A x 41	B x 41	C x 33	D x 3	F x 36	G x 4	
		 Ø6x30mm	 Ø4x25mm	 Ø3x12mm
