

# Assembly Instructions

**Caution : You must read this before you proceed**

## Care & Maintenance

- 🚫  ● Not for commercial use. For residential use only.
- ✓  ● Furniture may scratch floors. We recommend using furniture pads to protect your floors.
- 🚫  ● Do not put hot items directly on furniture surface.
- 🚫  ● Do not clean furniture with harsh cleansers or polish.
- 🚫  ● Do not place furniture under direct sunlight.
- 🚫  ● Do not place furniture near heating or cooling vents.
- 🚫  ● Do not write on furniture without a padded barrier to protect the surface.
- 🚫  ● Do not place furniture outside . For indoor use only.
- 🚫  ● Stains may be removed with mild soap solution and damp cloth.
- 🚫  ● Children should not climb or jump on the furniture.
- ✓  ● Dust and pick-up spills using a clean, non-colored, lint-free cloth.

Please look in boxes for hardware packs and legs.

# Dining Chair

## Parts List

Label	Picture	Description	QTY
A		Backrest	1
B		Seat	1
C		Front Left Leg	1
D		Front Right Leg	1
E		Back Left Leg	1
F		Back Right Leg	1

# Hardware

Label	Picture	Description	QTY
①	A long bolt with a hex head and a serrated shank.	Bolt (M8X60mm)	5
②	A shorter bolt with a hex head and a serrated shank.	Bolt (M6X30mm)	7
③	A cylindrical lock with a slot and a pin.	Cam Lock	5
④	A long Allen wrench with a square end.	Allen Wrench*M8	1
⑤	A shorter Allen wrench with a square end.	Allen Wrench*M6	1

# Assembly Preparation

Before Beginning Assembly:

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

# Assembly Steps

## Overview

This Chair has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Chair parts, the above picture is provided to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Friendly reminder: Tighten all the screws after all holes are installed.

## Step 1

Open the carton, and place all parts on a clean, non-marring surface.

Take out Seat (B) and four legs(C/D/E/F).

Insert the Legs into the sockets at both ends of the seat frame as shown.

Then insert Cam Lock(③) into the hole of both sides,ensuring they are aligned in a straight line as shown.

Finally insert bolt(①) into the holes at the outermost two ends, with Allen Wrench(④) to lock it.

**Do not fully tighten the Bolts.**

## Step 2

Take out Backrest(A).

Align the holes with the already assembled seat frame. Use Bolt(②) with Allen Wrench(⑤) to lock it.

### Tightening Sequence:

1. First, tighten the four Bolt(①) that connect the seat frame to 70% tightness.
2. Then, tighten the two rows of two Bolt(②) for the rear feet (four screws total) to 70% tightness as well.

Fully tighten the single Bolt(②) on each front foot (one on each side).

Finally, Fully Tighten all the bolts.

## Step 3

Place the Chair right side up and tested for stability.

**Fully Tighten all the bolts. Adjust the levelers on the legs to ensure chair stability.**

Your Chair is ready for use.

This CHAIR can only be used on a flat, level surface.

## Questions & Answers about Proposition 65

- **What is Proposition 65?**

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

- **What types of chemicals are on the Proposition 65 list?**

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

- **What does a warning mean?**

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

- **Where can I get more information on Proposition 65?**

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at [P65.Questions@oehha.ca.gov](mailto:P65.Questions@oehha.ca.gov), or by phone at (916) 445-6900.
