| 4 | | Flat washer (6/19x1.5mm) | 15 |
| 5 | | ALLEN KEY WRENCH | 1 |
| 6 | | ASSEMBLY TOOLS REQUIRED (NOT INCLUDED) | |

Assembly Preparation

Before Beginning Assembly:

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

Assembly Steps

This chair has multiple parts and may require up to 15 minutes to assemble. The picture above provides an overview of the chair parts to help you visualize and understand each component. Please read through the instructions below to familiarize yourself with the parts and steps before assembly.

Step 1

Step 1: Attach the two chair legs (C, E) to the chair frame (A) using bolts (1), washers (3), lock washers (4), and tighten securely with the Allen Wrench (5).

Step 2

Step 2 : Attach the one chair back side rail (F) to the chair legs (C, E) using bolts (1), washers (3), lock washers (4), and tighten securely with the Allen Wrench (5).

Step 3

Step 3: Attach the two chair legs (B, D) to the chair frame (A) using bolts (2), washers (3), lock washers (4), and tighten securely with the Allen Wrench (5).

Put the pillow on the backrest

The chair is ready for use.

The chair can only be used on a flat, level surface.

Questions & Answers about Proposition 65

- What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

- What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

- What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

- Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
