## INNER CUSHION

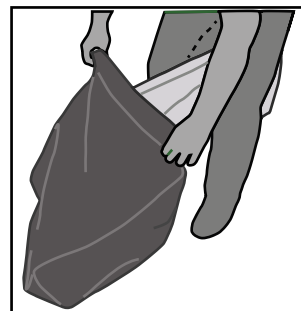

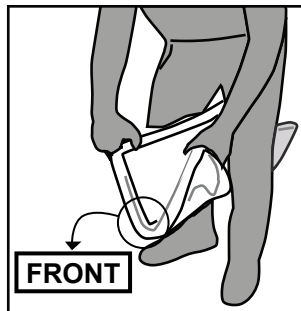

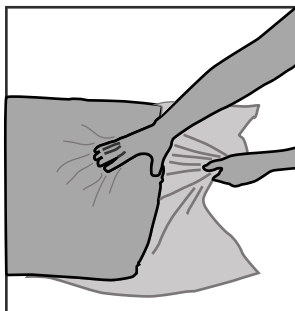

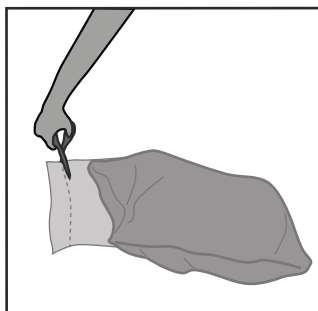

## CUSHION COVER

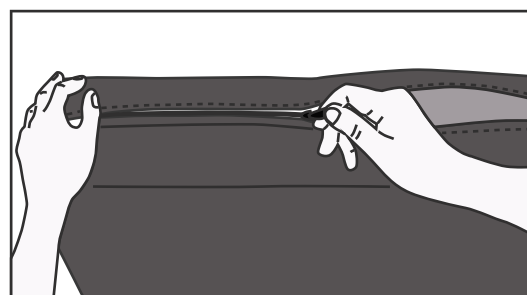

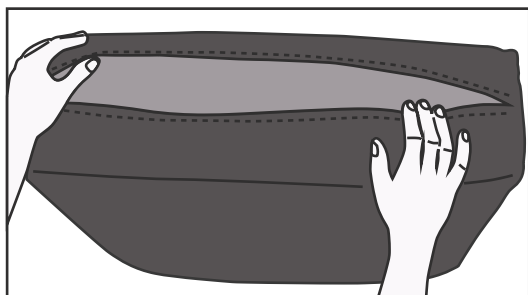

Ensure the cover and cushion match before installation.  
Align the corner cut-out as indicated by the label on both if applicable.

## HOW TO INSTALL THE CUSHION COVER ON THE INNER CUSHION

1. Cut the plastic wrap.
2. Remove/pull the plastic wrap from the inner cushion.
3. Bend the inner cushion using both legs with the 'front' label facing forward.
4. Slide the inner cushion into the cover.

Make sure the foam is perfectly installed before closing the zipper

**Attention: It takes about 24 hours after opening from the plastic wrap for the foam to fully expand.**

INNER PILLOW

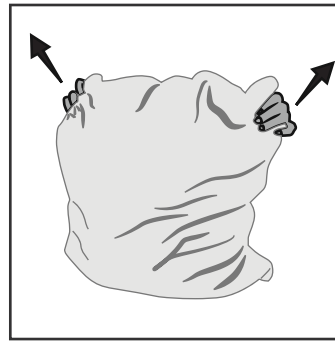

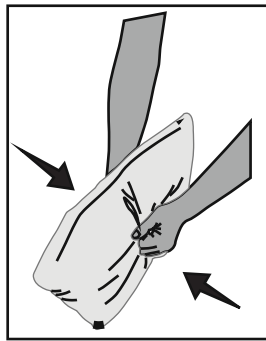

PILLOW COVER

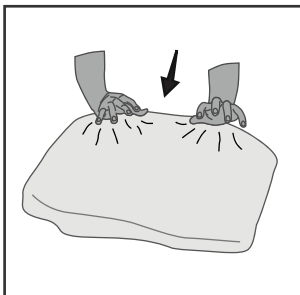

## HOW TO INSTALL THE PILLOW COVER

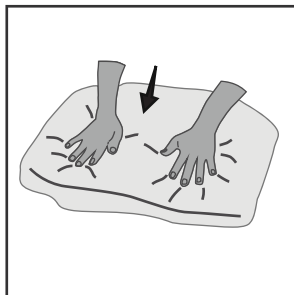

1. Loosen the Dacron filling to allow better air flow.

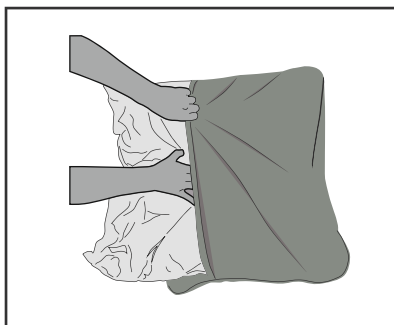

2. Pump the pillow from all four sides to encourage the Dacron filling to expand.

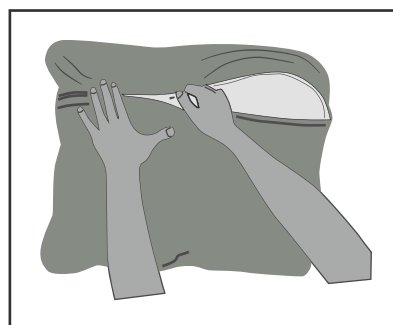

3. Pat the front and back surfaces to evenly distribute the filling and shape the pillow.

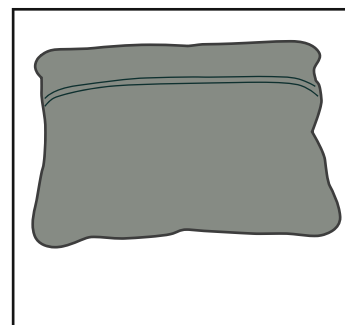

4. Repeat steps 1 – 3 as needed.

5. Insert the inner pillow with 'UP' label going in first into the cover.

6. Close the zipper
