Vanity Care Guide

Vanity Care

- Avoid direct contact of sharp objects as they can cause exterior damage.
- Do not expose directly to the sun as it can cause aging and cosmetic damage.
- Avoid placing hot objects onto the vanity surface.

Countertop Care

- Kindly note that all our tops are sealed before shipping but may stain, scratch, or chip because they are porous by nature.
- Do not place hot items directly on the countertop as it can damage it.
- To prevent ring marks or staining, dry immediately.
- Place table mats beneath objects that can potentially scratch the surface.
- Use a clean, soft fabric to dust the vanity.
- Occasionally wash with a cloth dampened in warm water. If needed, apply a small amount of mild dishwashing liquid or stone soap to clean. Dry with a soft cloth.
- Refrain from using chemical cleaners, sprays, abrasive cleaners, or products that contain lemon, vinegar, or other acids.
- We advise to reseal top annually or when necessary.

Cleaning and maintenance

- Avoid using cleaning products that contain Bleach or Ammonia.
- Please use wood-friendly products on wooden base vanities.
- To adequately clean exterior surfaces, use natural cleaning solutions or soap

WARNING

This product can expose you to chemicals including Nickel compounds, which is known to the State of California to cause cancer. For more information visit [www. P65Warning. ca. gov](http://www.P65Warning.ca.gov)
