# Assembly Preparation:

## Overview

This Table has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Table, the above picture is to help you put the various parts into perspective. Please read through the instructions here below to familiarise yourself with the parts and steps before assembly.

## STEP 1

Unpack and palce all parts on a clean, non-marring surface.

## STEP 2

With assistance from your adult partner, attach Face Support Panel (B) into the Table Legs (C) by using 3 Bolts (1) and 3 Washers (3) with Allen Wrench (4) as shown in above.  
**DO NOT fully tighten the Bolts.**

## STEP 3

With assistance from your adult partner, attach the assembled frame in step 2 to Table Top (A) by using 3 Bolts (2) and 3 Washers (3) with Allen Wrench (4) as shown in above .  
**DO NOT fully tighten the Bolts.**

## STEP 4

Inspect it and make sure all parts are adequately connected.

Stand the Table up.

Exert pressure floorwards, on to the Table with both your hands.

This pressure will help the Legs and Table Top reach full alignment status.

Check for wobbles. If any are found, proceed to tighten the Bolts in a sequential manner, until evenly secured.

When tightening the Bolts, tighten sequentially.

Do not tighten any Bolt fully and then move on towards the next one.

If there are still wobbles, loosen the Bolts and execute the same above process.

Adjust Pre-installed Levelers height for balance.

**WARNING!! IF TABLE IS NOT STABLE, IT COULD LEAD TO DAMAGING THE PRODUCT.**

**Your Table is ready for use.**

**This Table can only be used on a flat, level surface.**
