Assembly Steps

Overview

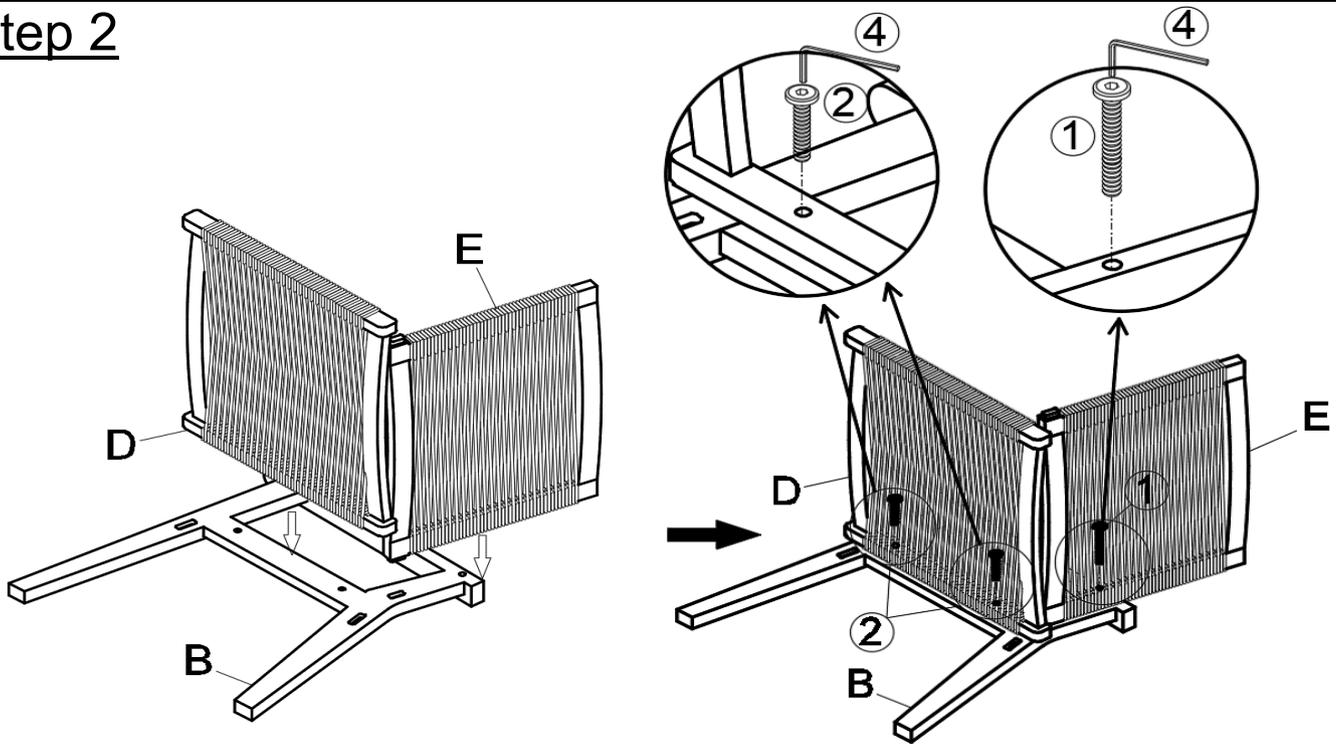

This Chair has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Chair, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

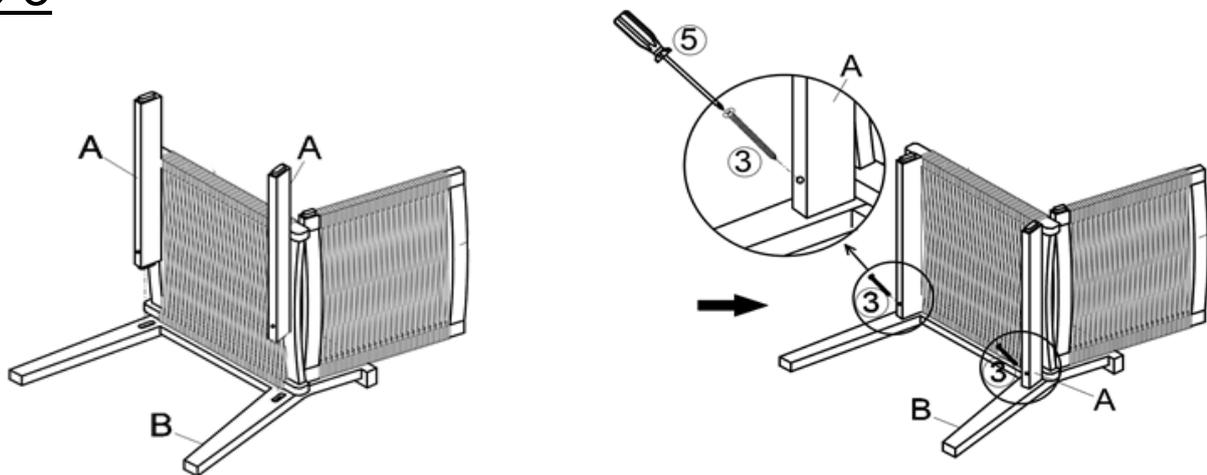

Unpack and place all parts on a clean, non-marring surface.

Step 2

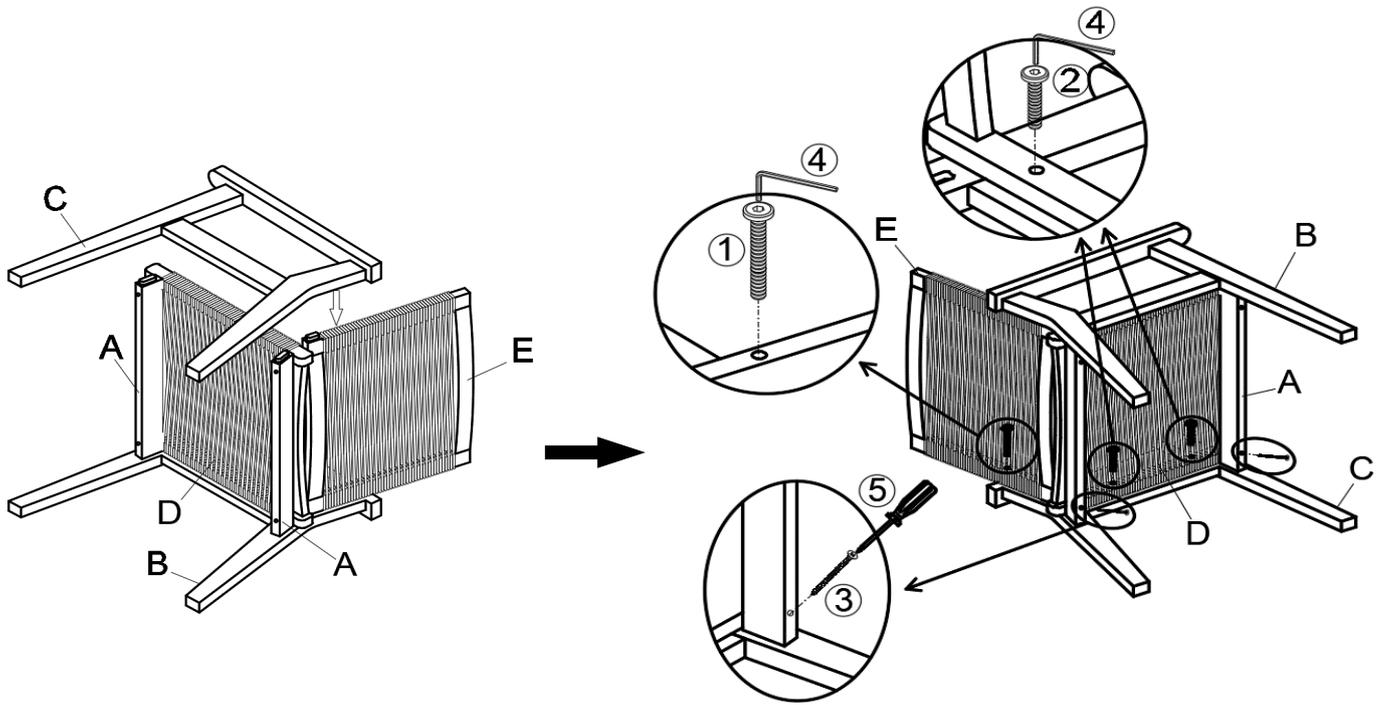

Position the Seat Panel (D) and Back Panel (E) to the Left Leg Panel (B) as shown in the above picture.
Attach the Seat Panel (D) and Back Panel (E) to the Left Leg Panel (B) using Bolt (①), Bolts (②) and Allen Wrench(④).
Do not fully tighten the Bolts.

Step 3

Position the Support bar (A) to the Left Leg Panel (B) as shown in the above picture.
Then using the Screw (③) and Screwdriver (⑤) to secure the Support bar (A) to the Left Leg Panel (B) .
Repeat the same step with the remaining Support Bar.
Do not fully tighten the Screws.

Step 4

Position the Right Leg Panel (C) to the assembled parts in step 3 and turn the Chair into the opposite side as shown in the above picture.

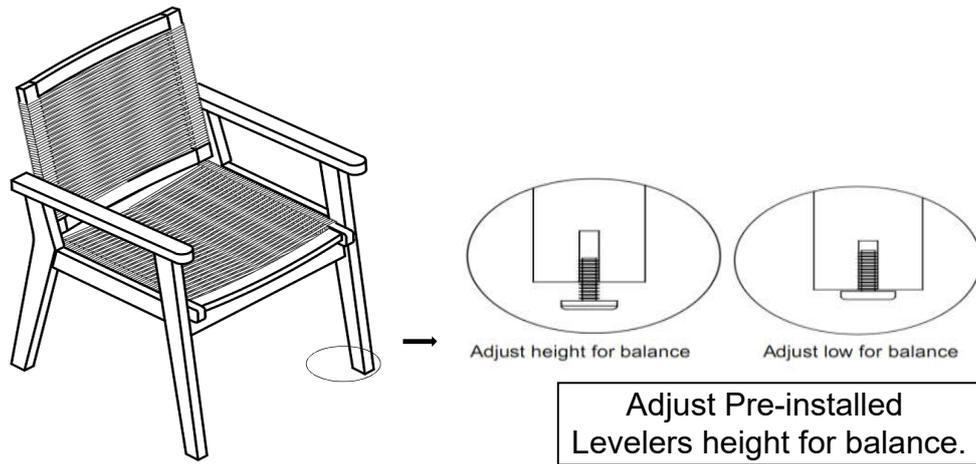

4.1. Secure the Seat Panel (D) to the Right Leg Panel (C) using Bolts(②) and Allen Wrench(④)

4.2. Secure the Back Panel (E) to the Right Leg Panel (C) using Bolt (①) and Allen Wrench(④).

4.3. Secure the Support bars (A) to the Right Leg Panel (C) using the Screws (③) and Screwdriver (⑤).

Do not fully tighten the Bolts, Screws.

Step 5

With the assistance from your adult partner, stand the Chair up

Inspect the Chair and make sure all parts are adequately connected.

Carefully sit onto the Chair. This pressure will help align all parts at all joints.

In a sequential manner, tighten all Bolts and Screws at all joints.

Adjust the Levelers until the Chair is level with the ground.

To adjust the Levelers, get assistance from an adult partner to lift/lean and hold the Chair while you are working.

Questions & Answers about Proposition 65

- What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals. Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

- What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

- What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

- Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
