Care Instructions for Polished Microfiber Furniture:

In order to maintain the original appearance of your polished microfiber furniture, please follow the simple care procedures below:

• Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Sunlight and/or exposure to heating and air conditioning outlets will fade/damage polished microfiber.

• Vacuum or wipe with a soft cloth to remove dust.

• Hardware may loosen over time. Periodically check to make sure all connections are tight. Re-tighten if necessary.

For items used on wooden floor, hard surfaces or carpets, it is recommended to install protective pads under all legs and supports to prevent damage/scratches and discoloration.
