## Hardware

USB Port
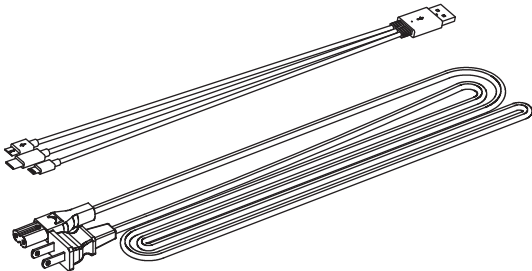

USB Adapter Specifications

Input Voltage	AC 100-240V 50/60Hz
Input Current	≤ 350mA @ 220V AC w/ full load
Output Voltage	5.0V ± 0.25V
Load Regulation	-0.5% (Max)
Output Current	3.1A Max
Output Ripple	< 400mV p-p
Efficiency	> 75% @ 220V AC
Output Plug	USB Type A x 4
Over Power	≈ 17W @ 220V AC
Short Protection	Auto Recovery

Attach supplied AC cable from underneath the
table and plug into a standard wall outlet.
Unit is now ready to accept the supplied 3-in-1 cable.

*After multiple devices are charged simultaneously, please disconnect
them in the reverse order.
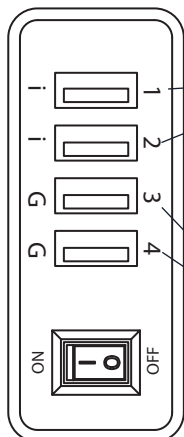

USB 1 & 2 PORTS
Fast charging ports for devices that
require higher current, ideal for iPads
and Android tablets, while also
compatible with other mobile devices.

USB 3 & 4 PORTS
Standard USB ports, ideal for
smartphones and other mobile devices.
