Assembly Steps

Overview

This Table has multiple parts and may require up to 15 minutes to assemble. To give you an overview of the Bar Stool, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 2

Open the carton and place all the parts onto a clean, non-marring surface. thread the screw of Backrest(A) through the Seat Base's(B) mounting points on both ends as shown in the picture.

Secure with Bolt(②) and Washer(③) using Allen Key(④).

DO NOT TIGHTEN.

Step 3

Attach Rail(C) between Backrest(A) and Front Legs of Seat Base(B), using Bolt(①) and Washer(③) with Allen Key(④).
Repeat this step with the next Rail.

Step 4

Place the Barstool on a LEVEL SURFACE to see if it wobbles.

If it wobbles, lift the Barstool some 30cm to 50cm high from the ground.

Keep your feet and toes well away from the drop zone.

Drop the Barstool freely and vertically with the four legs, hitting the ground, at the same time.

This Drop Test will help to ensure that all the Bolts and gaps all reach full alignment status.

Test again for evenness on a LEVEL SURFACE.

If no wobbles are found, proceed to tighten all the Bolts.

Step 5

Now, fully tighten all Bolts.

Your Bar Stool is now ready for use.

Care & Maintenance

-   ● Do not put hot items directly on furniture surface
-   ● Do not clean furniture with harsh cleansers or polish.
-   ● To obtain the longest lifespan of your outdoor products, minimizing exposure to direct sunlight is recommended.
-   ● Children should not climb or jump on the furniture.
-   ● Do not write on furniture without a padded barrier to protect the surface.
-   ● To obtain the longest lifespan of your outdoor products, avoid extended and lengthy exposure to rain, snow, and direct sunshine. Whenever possible cover the product and /or place under patio or awnings.
-   ● Not for commercial use. For residential use only .
-   ● Stains may be removed with mild soap solution and damp cloth.
-   ● Keep away from sources of ignition.
-   ● Dust and pick-up spills using a clean, non-colored, lint-free cloth.

Questions & Answers about Proposition 65

• What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

• What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

• What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

• Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
